augustine s interpretation is spiritual his were not scholarly or academic concerns and john leinenweber s translation is fresh and accessible capturing the clarity brilliance and inspired passion of the original john has said many things stated augustine and almost all of them concern love the first six of the ten homilies were delivered on the days of the easter octave this period proved too short for augustine to cover the whole of the letter and he preached four additional homilies later in the spring in his confessions augustine spoke of his great longing as a youth to love and be loved a topic that appealed greatly to his listeners during the course of delivering these homilies he was interrupted time and again by applause and shouts of enthusiasm the ten homilies are broken up into twenty four short chapters for example the commandment of love two loves of god and of the world christ and antichrists unanswered prayer god is love god has loved us first love casts out fear his are in large part moral teachings dealing with such topics as prayer our enemies fear of god the church the world so important in saint john s writings what does one actually do to love god and others what are the pitfalls of loving how can one learn to love more throughout the homilies augustine s great desire to love and be loved and to live eternally with god are eloquently expressed believing himself ignorant of scripture he had initially considered himself ill prepared for the priesthood augustine s subsequent tireless studies unleashed a stream of biblical commentaries that led him to be ranked with thomas aquinas as one of the greatest
