the essays in intention and identity explore themes in finnis's work touched on only lightly if at all in natural law and natural rights developing profound accounts of personal identity and existence group identity and common good and intention and choice as action and self shaping in his many faceted study of what it is to be a human person and a human community finnis not only engages with contemporary philosophers and bioethicists such as peter singer michael lockwood and john harris with thinkers from other traditions such as karol wojtyla john paul ii and with judges in the highest courts he also offers illuminating and deeply considered readings of shakespeare and aquinas and debates with roger scruton joseph raz hans kelsen john rawls glanville williams richard posner ronald dworkin and others the role of intention in the criminal law and the law of civil wrongs is searchingly explored through case

law as are judicial attempts to understand conditional and preparatory intentions moral or bioethical issues discussed include in vitro fertilization cloning abortion euthanasia and brain death patriotism multi culturalism and immigration the papers show the power of a sometimes neglected aspect of the new classical theory of natural law the volume includes previously unpublished papers on whether brain life is relevant to the beginning of a person's life on its relevance to the end of one's life and a substantial introduction in which john finnis reflects on the changes in his thinking on personal reality and on how intention is to be analysed and understood and its moral significance appreciated

this collection of essays is the product of a series of seminars held by the cambridge socio legal group in 2000 preface

the easy way to make sense of property law understanding property law is vital for all aspiring lawyers and legal professionals and property courses are foundational classes within all law schools property law for dummies tracks to a typical property law course and introduces you to property law and theory exploring different types of property interests particularly real property in approachable for dummies fashion this book gives you a better understanding of the important property law concepts and aids in the reading and analysis of cases statutes and regulations tracks to a typical property law course plain english explanations make it easier to grasp property law concepts serves as excellent supplemental reading for anyone preparing for their state's bar exam the information in property law for dummies benefits students enrolled in a property law course as well as non students landlords small business owners and government officials who want to know more about the ins and outs property law

this new addition to hart publishing's landmark cases series brings together leading figures in the field to discuss a selection of the most significant cases in medical law these are cases which either signpost a new development for medical law illustrate an important development of the law or signpost likely future developments of the law the cases are explored in their social and historical context to understand better what has influenced the development of the law this collection provides a fascinating insight in the interaction of medical law and broader social changes to our bodies illness and medical professionals

it is a common supposition among many of our cultural elites that a constitutional wall of separation between church and state precludes religious believers from bringing their beliefs to bear on public matters this is because secular liberals typically assume that their own positions on morally charged issues of public policy are the fruit of pure reason while those of their morally conservative opponents reflect an irrational religious faith in the clash of orthodoxies robert george shows that this supposition is wrong on both counts challenging liberalism's claim to represent the triumph of reason george argues that on controversial issues like abortion stem cell research euthanasia homosexuality and same sex marriage traditional judeo christian beliefs are actually rationally superior to secular liberal alternatives drawing on the natural law philosophical tradition george demolishes various secularist

pretenses such as the notion that the very young and very old among us are somehow subpersonal and not worthy of full legal protection he reveals the dubious person body dualism implicit in secularist arguments and he demonstrates the flawed reasoning behind the idea that the state ought to be neutral regarding competing understandings of the nature and value of marriage george also revisits the controversy surrounding his participation in the first things end of democracy symposium in which he considered the relevance of catholic teachings regarding the legitimacy of political regimes to the contemporary american situation george argues that because natural law and natural rights doctrine lie at the foundation of the american republic the judicial reading of the constitution that has undermined democracy in order to enshrine the secularist agenda is deeply flawed in advancing his thesis george argues for a return to old fashioned liberalism a worldview that he claims is best exemplified by pope john paul ii whose teachings laud democracy religious liberty and economic freedom while also recognizing the demands of civil rights social and economic justice and the principle of subsidiarity these demands restrain catholics and indeed all people of faith from making personal freedom an absolute and george takes to task those political leaders who though believers have denied or ignored the political responsibility this entails the clash of orthodoxies is a profoundly important contribution to our contemporary national conversation about the proper role of religion in politics the lucid and persuasive prose of robert george one of america s most prominent public intellectuals will shock secular liberals out of an unwarranted complacency and provide powerful ammunition for embattled defenders of traditional morality
