international handbook of technology education

the fourteen essays in this volume address the pros and cons of multiculturalism and explore its relationship with liberal democracy

this book is an attempt to address two struggles for theistic educators e g those who approach their educational vocation from a religious perspective whether they are working in secular or faith based institutions the first struggle is that while numerous guidelines on teaching excellence have been compiled the resulting checklists can contain more than a hundred criteria to consider this book therefore identifies the evidence based guidelines that are likely to have the highest impact on student achievement thereby empowering educators to focus their efforts in more substantial ways the second struggle is related to the lack of resources which can help educators to view and approach their vocation from a theistic perspective while there are texts that discuss the relationship of spirituality and or theology to education few to date have sought to bring evidence based educational literature into dialogue with the western christian tradition and thereby develop a bottom up theology of education this book addresses this historical and theological gap overall this book is therefore intended to not only provide theistic educators with high impact guidelines that can significantly improve the quality of education in their school systems but it also strives to do so from a thoroughly theistic perspective

a textbook for students of elementary education part one outlines elementary mathematics for the 21st century and part two covers concepts and skills in elementary mathematics

using suggestions from leaders in the field of educational measurement the authors identified nine concepts of educational measurements under which they organised articles papers and studies this volume deals with basic concepts of theories of measurement and testing validity and reliability

the definitive textbook for reflective professionals in further adult and vocational education now updated with the latest research the book offers extensive support for trainee and practising teachers in a variety of settings for both practice based training and career long professionalism written by a collaborative author team of sector experts led by maggie gregson and sam duncan reflective teaching in further adult and vocational education offers two levels of support practical guidance for practitioner success with a focus on the key issues including planning and assessing learning and collaborative approaches to reflective practice evidence informed principles to aid understanding of how theories can effectively inform and develop teaching practices in addition to new case studies from a wider range of settings than ever before the new edition offers broader national and international coverage greater emphasis on work based learning and more ideas for exploring classroom communication and meeting a wider range of learner needs readings for reflective teaching in further adult and vocational education directly compliments this book providing access to key texts working as a compact and portable library reflectiveteaching co uk provides a treasure trove of additional support including supplementary sector specific material for considering questions around society s educational aims
