a concise guide to grammar usage and style includes appendices on irregular verbs verb preposition combinations commonly confused words and misspelled words

this core textbook helps readers get to grips with the fundamentals of english grammar so that they can critically engage with a wide variety of texts combining contemporary linguistic approaches with the familiar terminology of traditional grammar this lively book offers a hands on introduction to english grammar it begins by situating the study of grammar within its broader context before moving on to look at the various categories that are used when analysing texts later chapters focus on the practical application of the skills acquired in the first part of the book this is an indispensable text for students and teachers of english language and linguistics it is also a valuable resource for those studying english as a second or foreign language new to this edition a wealth of new material including further detail on morphology more examples and revised explanations of key terms improved glossary and index in response to detailed user feedback fully updated throughout to meet the needs of today s students

written by a team led by a world authority in english grammar english grammar for today has established itself as a rich educational experience for both native and non native speaking students this engaging and stimulating coursebook enables students to learn grammar not just for its own sake but also for the pleasure of exploring appreciating and understanding the way language communicates in written text and spoken discourse throughout the emphasis is on using grammar in present day english after an introduction placing grammar in its educational and cultural context the authors present a toolkit for analysing sentences the second part of the book demonstrates how to apply this toolkit to spoken and written language using a wide range of real textual materials each chapter ends with a set of carefully designed exercises and tasks to aid understanding with answers provided at the end of the volume now thoroughly revised and updated to meet the needs of today s students this new edition features a new foreword by the english association an additional introductory chapter getting started with grammar which introduces the subject for those with no prior knowledge improved and extended diagrams exercises and answers up to date textual passages and examples lively and approachable this indispensable guide is ideal for both students and teachers who are looking for their first serious engagement with or wishing to rediscover english grammar

despite a history of hundreds of years of research analysing aspects of english grammar there are still open problems which continue to baffle language researchers today such grammar mysteries arise for a number of reasons because the language is changing because different

speakers of the language adhere to distinct norms and thus introduce and maintain variation in the system because there are differences between the grammar of spoken and written English. This book illuminates some of the complexities of the subject the areas where new discoveries await and why it matters through a series of accessible and engaging case studies on various aspects of grammar from multiple negation to possession the authors present grammar as an intellectual challenge this book brings out into the open questions about language usage to which we still do not have good answers in a bid to make variation overt and to revel in the mystery of the English language both aimed at the interested general reader and the beginning student of English language and linguistics this is a fresh take on grammar.

reprint of the original first published in 1867

Grammar can often be seen as a dull and complicated art with all sorts of dusty and quirky rules that are hard to understand and even harder to explain this descriptive grammar of English by example shakes off the dust to present the essential principles of modern English grammar as clearly as possible showing the simple rules that determine the standard practices of modern English both in writing and in speech and illustrating their use through hundreds of simple examples and familiar expressions most native speakers generally follow the essential rules of English grammar as if by intuition in many cases they will be quite unaware of what the rules are even that they exist but rules or principles or guidelines do exist and without them it would be very difficult to communicate properly and coherently grammar is the highway code of any language and people need either to learn it or to absorb it subconsciously in order to speak or write proficiently children master the rudiments of grammar in their native language by hearing remembering repeating and experimenting and up to a point this is sufficient for everyday communication however beyond a certain level and more importantly when learning a second or foreign language some awareness of the rules and principles of grammar becomes useful and in many situations vital some understanding of grammar is indeed essential for anyone wanting to teach English whether it be to native speakers or as a foreign language by highlighting literally hundreds of short sentences and expressions this descriptive grammar of English clearly illustrates and succinctly explains the rules that govern acceptable usage of the English language today where necessary it uses colour coding to show up pertinent points and to contrast different structures or functions this is not a grammar book for grammarians it's a grammar book for anyone and no prior knowledge of linguistics is required as befits any discussion of grammar it uses the expressions or jargon that are required to explain grammar but also explains them by including a glossary of grammatical terms which will be of value to most readers originally conceived for the benefit of non-native speakers of English particularly advanced EFL and ESL students and

teachers of english as a foreign or second language it is also very much suited for school and home use in english speaking countries in short it is for anyone who is looking for clear and example based explanations of how english works and is written and spoken it covers all the main points of english grammar in a way that is understandable to any student as well as explaining the essential aspects of english grammar such as verbs and nouns and adjectives it includes succinct and clearly illustrated sections on such important points as style word order and punctuation it distinguishes where appropriate between the usages of written and spoken english and between british english and american english all the points covered in this grammar are copiously illustrated with examples from everyday english including memorable and familiar expressions that are hard to forget children are not the only ones who learn their grammar by example

grammar greatness with simple rules exercises and quizzes mastering english grammar has never been easier the perfect english grammar workbook is a complete explanation of standard american english and an irreplaceable resource for students esl learners and anyone else who is serious about mistake free speaking and writing from punctuation and prepositions to adverbs and abbreviations this grammar workbook provides simple and straightforward guides to every part of english grammar with classroom style lessons you can practice your skills with dozens of helpful exercises afterwards check your progress with comprehensive end of chapter quizzes the perfect english grammar workbook includes modern rules for modern writers make sure your skills are up to date with a grammar workbook featuring the latest rules for learning english focused lessons master grammar over the course of 17 chapters each divided into individual sections so you can focus on one idea at a time exercises quizzes and more this grammar workbook is filled with handy practice exercises and quizzes that will help you test what you ve learned never misplace a comma again the perfect english grammar workbook makes it easy
