a truly global view of history covering over 350 of the world's most important turning points presented in a beautiful slipcase this is an essential gift for every history buff world history is the most accessible e guide to the history of human civilisation covering the neanderthals the assyrian empire chinese dynasties vikings world war i apartheid the rise of isis and everything in between this remarkable book offers the most up to date coverage of global history up to and including the arab spring global terror russia and ukraine and the rise of populism in the eu historical moments and movements from across the globe are brought to life with contemporary photography iconic maps and stunning paintings follow humanity's journey and discover all the key thinkers leaders ideas and inventions that shaped the modern world

phyllis rackin offers a fresh approach to shakespeare s english history plays rereading them in the context of a world where rapid cultural change transformed historical consciousness and gave the study of history a new urgency rackin situates shakespeare s english chronicles among multiple discourses particularly the controversies surrounding the functions of poetry theater and history she focuses on areas of contention in renaissance historiography that are also areas of concern in recent criticism historical authority and causation the problems of anachronism and nostalgia and the historical construction of class and gender she analyzes the ways in which the presence of history in shakespeare s theater participated and its representation in subsequent criticism still participates in the contests between opposed theories of history and between the different ideological interests and historiographic practices they authorize celebrating the heroic struggles of the past and recording the patriarchal genealogies of kings and nobles tudor historians provided an implicit rationale for the hierarchical order of their own time but the new public theater where socially heterogeneous audiences came together to watch common players enact the roles of their social superiors was widely perceived as subverting that order examining such sociohistorical factors as the roles of women and common men and the conditions of theatrical performance rackin explores what happened when elite historical discourse was trans ported to the public commercial theater she argues that shakespeare s chronicles transformed univocal historical writing into polyphonic theatrical scripts that expressed the contradictions of elizabethan culture

first published in 1976 j m robert s the new history of the world is a one of the landmark works of our era it has been fully revised and updated to offer a substantial authoritative and truly global narrative of world history

demystifying the subject with clarity and verve history an introduction to theory method and practice familiarizes the reader with the varied spectrum of historical approaches in a balanced comprehensive and engaging manner global in scope and covering a wide range of topics from the ancient and medieval worlds to the twenty first century it explores historical perspectives not only from historiography itself but from related areas such as literature sociology geography and anthropology clearly written accessible and student friendly this second edition is fully updated throughout to include an increased spread of case studies from beyond europe especially from american and imperial histories new chapters on important and growing areas of historical inquiry such as environmental history and digital history expanded sections on political cultural and social history more discussion of non traditional forms of historical representation and knowledge like film fiction and video games accompanied by a new companion website routledge com cw claus containing valuable supporting material for students and instructors such as discussion questions further reading and web links this book is an essential introduction for all students of historical theory and method

criss crossing the globe from the prehistoric era to the modern day professor jeremy black takes you on a whirlwind tour of our past leaving no stone unturned as he brings to life the

fascinating history of civilisation mankind has accomplished remarkable feats building great cities creating beautiful art forms and developing new modes of communication at the same time warfare discrimination and poverty reveal the darker side of human nature this incredible illustrated volume covers all of the above from the birth of agriculture to the two world wars delving into the vast range of human experience over the millennia a history of the world forms an essential reference guide for modern day amateur historians providing a perfect foothold into this sprawling history

how history works assesses the social function of academic knowledge in the humanities exemplified by history and offers a critique of the validity of historical knowledge the book focusses on history s academic disciplinary ethos to offer a reconception of the discipline of history arguing that it is an existential liability if critical analysis reveals the sense that history offers to the world to be illusory what stops historical scholarship from becoming a disguise for pessimism or nihilism history is routinely invoked in all kinds of cultural political economic psychological situations to provide a reliable account or justification of what is happening moreover it addresses a world already receptive to comprehensive historical explanations since everyone has some knowledge of history everyone can be manipulated by it this book analyses the relationship between specialized knowledge and everyday experience taking phenomenology husserl and pragmatism james as methodological guides it is informed by a wide literature sceptical of the sense academic historical expertise produces and of the work history does represented by thinkers such as schopenhauer nietzsche valéry anders and cioran how history works discusses how history makes sense of the world even if what happens is senseless arguing that behind the smoke screen of historical scholarship looms a chaotic world dynamic indifferent to human existence it is valuable reading for anyone interested in historiography and historical theory

the fifteen articles in this volume arising from work in the chronicles ezra nehemiah section of the society of biblical literature engage with the author s thought and message through analysis of certain critical texts or by identifying and tracing larger themes through the work the collection follows the chronicler as historian and the chronicler as author like these previous volumes this book also endeavours to show the diverse approaches employed in chronicles scholarship contributors robert h smith allen w mueller gary n knoppers gerrie f snyman ehud ben zvi philip abadie mark a throntveit leslie c allen christopher t begg roddy l braun john c endres isaac kalimi brian e kelly william m schniedewind and john w wright

tanabe's agenda was not religious but philosophical in that he tried to integrate eastern and western insights in order to acquire a cross cultural philosophical vision for the post war world community this book shows his superior philosophical originality it is high time that tanabe's thought should be introduced to the west joseph kitagawa university of chicago

this book explores the work of thomas seeböhm 1934-2014 a leading phenomenologist and hermeneuticist it features papers that offer a critical and constructive dialogue about seeböhm's analyses and their implications for the sciences the net result is an in depth study and a helpful overview of seeböhm's general approach and his specific views on various areas of modern science the contributors focus especially upon his final text history as a science and the system of the sciences they view this as the culmination and summary of his historical and phenomenological investigations into the foundations nature and limits of modern sciences this includes not just history but the geisteswissenschaften more generally along with the social and natural sciences as well the essays in this volume reflect that range this volume presents insightful discussions about the nature and legitimacy of the human sciences as sciences and the unique character of the social sciences it will be of interest not just as a matter of historical scholarship but also and above all as an important contribution to phenomenology and to the philosophy of science and the sciences as such it deserves attention by scholars from any philosophical tradition interested in thinking about the foundations of their disciplines and a philosophy of science that includes but is not limited to the natural sciences

our contemporary world presents a seemingly inexplicable paradox it is a world where interaction among societies of different cultural traditions has never been easier a world in which modern technology has visibly overcome the physical barriers that had long condemned the majority of men to relative isolation from one another yet our world is also one in which the illusion of a lost original cultural or religious identity grounded by a metaphysical absolute pits men against one another a physically more accessible world has thus become an increasingly fundamentalist one in this book written in the wake of such influential european thinkers as nietzsche heidegger foucault derrida and vattimo simon olai analyzes the conceptual underpinnings of this paradox and argues that unless the european affirmation of man's finite existence becomes universal we shall never rid ourselves to echo

nietzsche of the repressive shadow of a long dead metaphysical idol

mankind has come a long way since our ancestors first stood up on two feet but how did we get to where we are today this book tells the story through conflict and intrigue power won and lost great empires built and destroyed with over 350 illustrations timelines and box features a short history of the world is a comprehensive and entertaining look at the ways in which man has spent his time on earth find out how the great egyptian dynasties crumbled how medieval europe fell prey to the black death how enlightenment thinkers changed the course of history and much more sections include the prehistoric world the ancient world the classical world the medieval world the early modern world the 19th century world the modern world
