vintage games explores the most influential videogames of all time including super mario bros grand theft auto iii doom the sims and many more drawing on interviews as well as the authors own lifelong experience with videogames the book discusses each game s development predecessors critical reception and influence on the industry it also features hundreds of full color screenshots and images including rare photos of game boxes and other materials vintage games is the ideal book for game enthusiasts and professionals who desire a broader understanding of the history of videogames and their evolution from a niche to a global market

in this much needed examination of the principles of multimedia journalism experienced journalists richard koci hernandez and jeremy rue systemize and categorize the characteristics of the new often experimental story forms that appear on today s digital news platforms by identifying a classification of digital news packages and introducing a new vocabulary for how content is packaged and presented the authors give students and professionals alike a way to talk about and understand the importance of story design in an era of convergence storytelling online all forms of media are on the table audio video images graphics and text are available to journalists at any type of media company as components with which to tell a story this book provides insider instruction on how to package and interweave the different media forms together into an effective narrative structure featuring interviews with some of the most exceptional storytellers and innovators of our time including web and interactive producers at the new york times npr the marshall project the guardian national film board of canada and the verge this exciting and timely new book analyzes examples of innovative stories that leverage technology in unexpected ways to create entirely new experiences online that both engage and inform

with a focus on honduras james j phillips explores the deeper causes of the massive emigration of central americans to the united states going beyond the frequently given reasons for migration phillips provides a detailed account of how the frenzied extraction of natural resources has created massive community displacement dependency poverty and vulnerability while encouraging corruption violence gang recruitment drug trafficking militarization of honduran society and systematic repression of popular protest and resistance highlighting how this situation is tied to the colonial or imperial extractive relationship of honduras to the united states phillips contends that the usual policy of

development aid and investment to stem migration will only worsen the conditions that create migration with this book phillips depicts how the central american immigration crisis shapes life in the united states and honduras while making clear that the effects are not what populist politics imagine
