vols 2 and 5 include appendices

this study is directed towards providing basic background material for the understanding of south sumatran social organisation to this end four legal codes from the first half of the nineteenth century are presented and analysed the method used in the analysis is a modification of that used by levi strauss for the analysis of myth the author concludes by stating out of these detailed analyses the most

significant phenomenon to emerge is the fact that a relatively small number of formal properties are distributed through a large number of structures within a single legal code and because of their formal similarities these structures are mutually reinforcing
