this is a unique book that covers innovative grammar teaching approaches and techniques for a modern generation of efl esl students it juxtaposes traditional grammar teaching methods with newer ones and reveals the advantages and disadvantages of each moreover it provides free and controlled grammar activities which offer instructors an ample variety of tasks that facilitate efl esl teachers work to practice certain grammatical patterns

articles in this volume discuss the role and effectiveness of corpora and corpus linguistic techniques for language teaching but also deal with broader issues such as the relationship between corpora and second language teaching and how the different perspectives of foreign language teachers and applied linguists can be reconciled

the focus of paradigms in word formation theory and applications is on the relevance of paradigms for linguistic description paradigmatic organization has traditionally been considered an inherent feature of inflectional morphology but research in the last

decades clearly shows the existence of paradigms in word formation especially in affixal derivation often at the expense of other word formation processes this volume seeks to address the role that paradigms may play in the description of compounding conversion and participles this volume should be of interest to anyone specialized in the field of english morphology and word formation

the student s book pack takes children on a journey of discovery while learning english introducing them to different countries on the way the book has activities songs games and fiction reading to keep the children engaged the dvd rom contains interactivities and videos while the ebook provides an electronic version of the student s book
