on youth employment policies in denmark west germany and the united states

the economic status of young people has declined significantly over the past two decades despite a variety of programs designed to aid new workers in the transition from the classroom to the job market this ongoing problem has proved difficult to explain drawing on comparative data from canada germany france sweden and the united kingdom these papers go beyond examining only employment and wages and explore the effects of family background education and training social expectations and crime on youth employment this volume brings together key studies providing detailed analyses of the difficult economic situation plaguing young workers why have demographic changes and additional schooling failed to resolve youth unemployment how effective have those economic policies been which aimed to improve the labor skills and marketability of young people and how have youths themselves responded to the deteriorating job market confronting them these questions form the empirical and organizational bases upon which these studies are founded

originally published in 1985 this book brings together diverse perspectives of global policy and experience concerning threatened or high levels of youth unemployment and the measures taken in the countries concerned from the examples quoted it is obvious that there was little consensus concerning what one is led to believe life after school is about or what one would like life after school to be about and how these expectations and aspirations may be accommodated

in the early 1980s against the background of chronic unemployment in britain the particular plight of young people had come to be identified as a subject for special concern anxieties were expressed as they were in the 1930s as a twin concern for a waste of the nation s resources and for the demoralization of youth leading potentially to anti social behaviour originally published in 1982 this volume of essays identifies a number of key issues in the pattern of state response to youth unemployment which had evolved in the inter war and post war periods the contributors discuss a number of related themes such as how the problem has been defined and created as a kind of moral panic and how contemporary measures recapitulate the rhetoric and policies of pre war interventions they examine the relationship between youth unemployment measures and the education sector the responses of the trade unions and also consider how young people themselves respond to special programmes a critical assessment is made of the further education elements in the special measures in particular the question is asked do these young people need social and life skills training the book charts the changing nature of the state response to youth unemployment since 1974 and stresses throughout the inappropriate nature of temporary amelioration of a long term even permanent problem

offering guidance on the opportunities and threats for future generations and featuring interviews with business leaders this book provides a constructive look at change it directs the youth to become job creators not job seekers and to approach the corporate and political worlds with an entrepreneurial mind set

this concluding report of the jobs for youth series analyses the situation of youth employment and unemployment in the context of the jobs crisis and identifies successful policy measures in oecd countries as well as structural reforms in education and in the labour market that can help

research report comprising a comparison of youth unemployment and the transition from school to work of the 16 19 year age group in developed countries particularly germany federal republic and the uk outlines the causes of youth unemployment ameliorative vocational training programmes in the uk run by the manpower services commission western approaches to apprenticeship etc proposes a system of training allowances to increase apprenticeship in the uk and considers the relevance of small scale industry to youth employment references and
