this important work challenges an entrenched scholarly consensus that at the beginning it was inspired leaders not ordained officers who dominated the church james burtchaell illustrates that the traditional argument on behalf of clerical authority had read history backwards and found the apostles to be the first bishops in this study burtchaell reads history forwards and demonstrates that first century jews knew only one form of community organization that of the synagogue the three level structure of offices in the synagogue president elders and assistant emerges in the author s estimation as the most plausible antecedent for the christian offices which stand forth clearly in the second century burtchaell s conclusion is that ordained office is a foundational element in christianity but that while the officers presided from the first they rarely led thus while jesus brother james presided as the ordained chief of the mother church in jerusalem it was peter jesus inspired veteran disciple whose voice carried most authority this revisionist historical account of christian origins creatively subverts the established positions on church order and thus opens up the arguments to new and larger conclusions

there is evidence of a joint tradition among designers of synagogues and churches in which christians repeat earlier jewish symbolism using rare jewish documents this book unravels those sacred dimensions

this is the first full length comparative study of the music of the christian and jewish liturgies it is designed to show the liturgical and musical interdependence of church and synagogue during the first millennium of the christian era and to highlight the series of cultural exchanges between east and west that occurred during those centuries with a wealth of scholarly evidence the author tells the story of the development of the christian forms of worship both eastern and roman at the same time he explains the modifications made in

jewish ceremonies and rituals in areas where jews and christians lived side by side with resulting exchange in both directions from church to synagogue as well as from synagogue to church professor werner first examines jewish practices of worship at the time of the beginnings of christianity and then traces the spread and modifications of these ancient jewish and even pre jewish conceptions of sacred music and ritual as they were adapted by various christian groups historical philological and musicological scholarship is used to discover the complex interrelationship between christian and hebraic elements in prayer books poetry and psalmody hymns devotional music and all the other aspects of sacred liturgy professor werner has used many sources previously neglected and has reexamined those already available scholars of theology liturgy and music and historians as well will find much that will stimulate further research and all interested in the formation of the religions of the west will stand to profit from this scholarly work on the interplay of two great religious movements jacket

vitringa examines the historical and theological connections between the jewish synagogue and the christian church arguing that many of the practices and teachings of the latter can be traced back to the former this book is a must read for anyone interested in the interplay between these two important religious traditions this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

the aim of this study is the presentation of the dynamism of christian jewish relations in the years 30 313 ad taking into account mainly historical and theological but not only factors which influenced these relations and finally led to the creation of two separate religions

the jewish origins of christianity and the separation of church and synagogue discusses the political reasons why the church and the synagogue separated the death of an emperor an empire wide roman civil war with 4 generals and 4 armies fighting for the emperor s crown a right wing jewish group causing the cessation of sacrifices in the temple for gentiles an inept roman governor a jewish group carrying out assassinations an attempt at reinstating sacrifices by the romans that backfired the ambitions of roman generals to become emperor by destroying jerusalem and the temple instituting a roman policy of repression and persecution of jews which caused 2 more revolts and the rise of warlike messiah figures how the expulsion of jews from rome caused a change in the attitude of christians how christians sought the favor of rome and joined the persecution of jews how this became theology how paul was immersed in the jewish literature of his day and how his jewish connection was erased by interpreting the bible in a platonic fashion how paul never left judaism how paul s vision of jew and gentile unity in the church was destroyed how the jerusalem church didn t disappear in the ashes of jerusalem but survived near the end of the 2nd century how jewish christianity survived until the 7th century the book discusses manuscript discoveries such as the dead sea scrolls that have enabled scholars to recover the jewish background of paul and jesus and the new efforts of scholars to understand what paul really said it is a concise summary of 12 years of research 300 years of publications and thousands of pages of scholarship into a thoroughly documented and readable text of approximately 50 pages the the jewish origins of christianity and the separation of church and synagogue tells the true story of what really happened that the church hasn t been told for 2 000 years with complete and thorough documentation and an extensive 15 page bibliography

the series religion and society rs contributes to the exploration of religions as social systems both in western and non western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or

media in addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series
