translation has long needed a champion and at last in George Steiner it has found a scholar who is a match for the task Sunday Times first published in 1975 After Babel constituted the first systematic investigation of the theory and processes of translation since the eighteenth century in mapping out its own field it quickly established itself as both controversial and seminal and gave rise to a considerable and still growing body of secondary literature even today with its status as a modern classic beyond question many of the book's insights remain provocative and challenging for the second edition of After Babel George Steiner entirely revised the text added new and expanded notes provided a substantially updated bibliography including much Russian and Eastern European material and

wrote a new preface setting the book in the present context of hermeneutics poetics and translation studies steiner's subject is extravagantly rich and he ponders it on the most generous scale his language and his ideas display even handedness seriousness without heaviness learning without pedantry and sober charm new yorker

when it first appeared in 1975 after babel created a sensation quickly establishing itself as both a controversial and seminal study of literary theory indeed the reactions to the book now constitute a considerable secondary literature themselves in the long awaited second edition of this book george steiner offers a complete revision an updated bibliography and a new preface in which he places his groundbreaking work in the present context of poetics hermeneutics and translation studies in the previous edition steiner provided readers with the first systematic investigation since the eighteenth century of the phenomenology and processes of translation both inside and between languages taking issue with the principal emphasis of modern linguistics he finds the root of the babel problem in our deep instinct for privacy and territory noting that every people has in its language a unique body of shared secrecy with this provocative thesis he analyzes every aspect of translation from fundamental conditions of interpretation to the most intricate of linguistic constructions

the historical experience of japan in the period since it embarked on modernization illuminates the limitations of western social theory

in the twenty first century amid globalized violence rising demagogues and the climate emergency contemporary philosophers and theologians have begun to debate a fundamental question is our reality the result of the overflowing ever present creativity of love or the symptom of a traumatic rupture at the heart of all things drawing on decades of research in postmodern philosophy and experience as a psychotherapist james h olthuis wades into this discussion to propose a radical ontology of love without metaphysics in dialogue with philosophers like john d caputo slavoj žižek luce irigaray and others olthuis explores issues from divine sovereignty and the problem of evil to trauma and social ethics experience in therapeutic work informs these investigations rooting them in journeys with individuals on the path to healing olthuis makes the bold claim that while trauma pain and suffering are significant parts of our human lives nevertheless love is with us to the very end creation is a gift that comes with a call to make something of it ourselves a risky task we must take on with the promise that love will win we are all dancing in the wild spaces of love ex amore cum amore ad amorem

this book presents a fresh perspective on translation exploring it as a complex process of cultural exchange involving both language

and culture the author examines the core aspects of translation including its nature and procedures key factors text selection and approaches it also examines the internal tensions and dynamics between authors translators and readers and the value system of translation criticism the book also illustrates the role of culture in translation discussing the cultural information embedded in language the relationship between culture and meaning the cultural interpretation of meaning and texts the intersection of translation and cultural psychology and the principles and methods of translation studies from a cultural perspective by developing a systematic theoretical framework the book aims to present translation as a complex facet of intercultural communication this insightful work will appeal to scholars students translators and anyone interested in translation theory translation studies and intercultural communication

this second volume of the three part encyclopedia of chinese english translation provides a comprehensive exploration of the evolution of translation studies in both china and the west the book systematically examines the development of western translation theory organizing its progression into five distinct phases it also traces the history of chinese translation from early buddhist sutra translations to modern practices offering comparative analysis of eastern and western theories and methodologies additionally the volume explores the evolution of chinese translation theory before and after the twentieth century with particular attention to the contributions of key figures such as yan fu an essential resource for scholars students and practitioners this volume offers invaluable insights into translation methodology and serves as a practical guide for those working with classical chinese texts it is a must read for anyone engaged in chinese english translation or chinese studies

the fundamental fact about our constitution is that it is old the oldest written constitution in the world the fundamental challenge for interpreters of the constitution is how to read that old document over time in fidelity constraint legal scholar lawrence lessig explains that one of the most basic approaches to interpreting the constitution is the process of translation indeed some of the most significant shifts in constitutional doctrine are products of the evolution of the translation process over time in every new era judges understand their translations as instances of interpretive fidelity framed within each new temporal context yet as lessig also argues there is a repeatedly occurring countermove that upends the process of translation throughout american history there has been a second fidelity in addition to interpretive fidelity what lessig calls fidelity to role in each of the cycles of translation that he describes the role of the judge the ultimate translator has evolved too old ways of interpreting the text now become illegitimate because they do not match up with the judge s perceived role and when that conflict occurs the practice of judges within our tradition has been to follow the guidance of a fidelity to role ultimately lessig not only shows us how important the concept of translation is to constitutional interpretation but also exposes the

institutional limits on this practice the first work of both constitutional and foundational theory by one of america s leading legal minds fidelity constraint maps strategies that both help judges understand the fundamental conflict at the heart of interpretation whenever it arises and work around the limits it inevitably creates

iconoclastic and fiercely rational the european enlightenment witnessed the birth of modern western society and thought reason was sacrosanct and for the first time religious belief and institutions were open to widespread criticism in this groundbreaking book ziad elmarsafy challenges this accepted wisdom to argue that religion was still hugely influential in the era but the religion in question wasn t christianity it was islam charting the history of qur anic translations in europe during the 18th and early 19th centuries elmarsafy shows that a number of key enlightenment figures including voltaire rousseau goethe and napoleon drew both inspiration and ideas from the qur an controversially placing islam at the heart of the european enlightenment this lucid and well argued work is a valuable window into the interaction of east and west during this pivotal epoch in human history

this series includes contributions from authors worldwide in the areas of autobiography memoirs philosophy literary theory anthropology psychology and other subjects written for the nonspecialist the works included in this set have had a profound effect on modern culture examples of titles include richard wright s black boy norman mailer s of a fire on the moon simone de beauvoir s le deuxieme sexe thomas s kuhn s the structure of scientific revolutions and betty friedan s the feminine mystique works by prominent thinkers such as sigmund freud carl gustav jung aleksandr solzhenitsyn and ludwig wittgenstein are also included as in all masterplots ii series there is no duplication of titles within any other masterplots collection

the interest of the writers of these essays in the intricacies and implications of translation in the middle ages or of the translation of medieval texts in te modern period has resulted in a diverse and intellectually stimulating volume the papers in this volume written in either english french or spanish approach translation from a wide variety of perspectives and offer a range of interpretations of the concept of translation the volume contains essays ranging in time from the anglo saxon period to the present and in topic from medieval recipe books to arguments in favour of women administering the sacrament languages studied include non european languages as well as latin and numerous european vernaculars as both source and target languages as any translator or student of translation quickly becomes aware it is impossible to divorce language from culture all the contributors to this volume struggle with the complexities of translation as a cultural act even when the focus would seem to be specifically linguistic it is these complexities which lend the study of

the theory and practice of translation in the middle ages its enduring fascinat

when moltmann's theology of hope was published in 1964 it restored eschatology to the forefront of christian theology in 1995 the coming of god christian eschatology was no less significant as a major systematic study the authors provide a detailed analysis of moltmann's eschatology an assessment of its key aspects and creative interactions with his project there is an essay on universal salvation by moltmann himself in the final chapter moltmann develops the ethical implications of his eschatology back cover

following the passage of the kansas nebraska act kansas territory was a national issue that dominated america's press not to mention three sessions of congress craig miner now offers the first in depth study of national media coverage devoted to the beleaguered territory unearthing new examples of what americans were saying about kansas and showing how those words affected the course of national events miner draws on dozens of newspapers and magazines from all parts of the country and of all political persuasions a trove of rich quotations and unvarnished epithets nearly all of them published here for the first time he reveals how the heated polarizing rhetoric widened the sectional rift weakened chances of accommodation and contributed more to the onset of civil war than has been previously recognized book jacket
