translation has long needed a champion and at last in george steiner it has found a scholar who is a match for the task sunday times first published in 1975 after babel constituted the first systematic investigation of the theory and processes of translation since the eighteenth century in mapping out its own field it quickly established itself as both controversial and seminal and gave rise to a considerable and still growing body of secondary literature even today with its status as a modern classic beyond question many of the books insights remain provocative and challenging for the second edition of after babel george steiner entirely revised the text added new and expanded notes provided a substantially updated bibliography including much russian and eastern european material and wrote a new preface setting the book in the present context of hermeneutics poetics and translation studies steiner s subject is extravagantly rich and he ponders it on the most generous scale his language and his ideas display even handedness seriousness without heaviness learning without pedantry and sober charm new yorker

when it first appeared in 1975 after babel created a sensation quickly establishing itself as both a controversial and seminal study of literary theory indeed the reactions to the book now constitute a considerable secondary literature themselves in the long awaited second edition of this book george steiner offers a complete revision an updated bibliography and a new preface in which he places his groundbreaking work in the present context of poetics hermeneutics and translation studies in the previous edition steiner provided readers with the first systematic investigation since the eighteenth century of the phenomenology and processes of translation both inside and between languages taking issue with the principal emphasis of modern linguistics he finds the root of the babel problem in our deep instinct for privacy and territory noting that every people has in its language a unique body of shared secrecy with this provocative thesis he analyzes every aspect of translation from fundamental conditions of

interpretation to the most intricate of linguistic constructions

this series includes contributions from authors worldwide in the areas of autobiography memoirs philosophy literary theory anthropology psychology and other subjects written for the nonspecialist the works included in this set have had a profound effect on modern culture examples of titles include richard wright s black boy norman mailer s of a fire on the moon simone de beauvoir s le deuxieme sexe thomas s kuhn s the structure of scientific revolutions and betty friedan s the feminine mystique works by prominent thinkers such as sigmund freud carl gustav jung aleksandr solzhenitsyn and ludwig wittgenstein are also included as in all masterplots ii series there is no duplication of titles within any other masterplots collection

the interest of the writers of these essays in the intricacies and implications of translation in the middle ages or of the translation of medieval texts in the modern period has resulted in a diverse and intellectually stimulating volume the papers in this volume written in either english french or spanish approach translation from a wide variety of perspectives and offer a range of interpretations of the concept of translation the volume contains essays ranging in time from the anglo saxon period to the present and in topic from medieval recipe books to arguments in favour of women administering the sacrament languages studied include non european languages as well as latin and numerous european vernaculars as both source and target languages as any translator or student of translation quickly becomes aware it is impossible to divorce language from culture all the contributors to this volume struggle with the complexities of translation as a cultural act even when the focus would seem to be specifically linguistic it is these complexities which lend the study of the theory and practice of translation in the middle ages its enduring fascinatio

following the passage of the kansas nebraska act kansas territory was a national issue that dominated america s press not to mention three sessions of congress craig miner now offers the first in depth study of national media coverage devoted to the beleaguered territory unearthing new examples of what americans were saying about kansas and showing how those words affected the course of national events miner draws on dozens of newspapers and magazines from all parts of the country and of all political persuasions a trove of rich quotations and unvarnished epithets nearly all of them published here for the first time he reveals how the heated polarizing rhetoric widened the sectional rift weakened chances of accommodation and contributed more to the onset of civil war than has been previously recognized book jacket

when moltmann s theology of hope was published in 1964 it restored eschatology to the forefront of christian theology in 1995 the coming of god christian eschatology was no less significant as a major systematic study the authors provide a detailed analysis of moltmann s eschatology an assessment of its key aspects and creative interactions with his project there is an essay on universal salvation by moltmann himself in the final chapter moltmann develops the ethical implications of his eschatology back cover

toward synergy of civilizations
