what is a sacred moment is it a big sudden change in the direction of your life or your physical or mental state or is it a moment in which you understood your fears or made a choice to let something go we may find our lives full of fear hurt or pain of loss and even though these daily experiences have not caused major earthquakes or volcanic eruptions around the world it is in these moments of our daily lives that we must look for our answers in small steps huge changes the extraordinary moments of an ordinary life writer phyllis reed shows us how it is possible to discover healing and joy by choosing to take just one small courageous step through reflections remembrances poems and vignettes reed tracks her own small steps through realms as varied as love parenthood loneliness fear and connecting to places other people and holy presence each true story told in reeds conversational nurturing tone is a tribute to those who have found ways to live happily and healthily after great difficultiesto see the extraordinary in their everyday experiences taken as a whole these moments of rising and falling of joy and defeat

become our sacred lives our sacred moments are our greatest gifts and the choice is ours to step forward and accept and learn from them

frederick lewis allen was one of the pioneers in social history best known as the author of only yesterday allen originated a model of what is sometimes called instant history the reconstruction of past eras through vivid commentary on the news fashions customs and artifacts that altered the pace and forms of american life the big change was allen s last and most ambitious book in it he attempted to chart and explain the progressive evolution of american life over half a century written at a time of unprecedented optimism and prosperity the big change defines a transformative moment in american history and provides an implicit and illuminating perspective on what has taken place in the second half of the twentieth century allen s theme is the realization in large measure of the promise of democracy as against the strain of social criticism that saw america as enfeebled by affluence and conformity allen wrote in praise of an economic system that had ushered in a new age of well being for the american people he divides his inquiry into three major sections the first the old order portrays the turn of the century plutocracy in which the federal government was largely subservient to business interests and the gap between rich and poor portended a real possibility of bloody rebellion the momentum of change graphically describes the various forces that gradually transformed the country in the new century mass production the automobile the great depression and the coming of big government world war ii and america s emergence as a world power against this background allen shows how the economic system was reformed without being ruined and how social gaps began to steadily close the concluding section the new america is a hopeful assessment of postwar american culture allen s analysis takes critical issue with many common perceptions both foreign and domestic of american life and places remaining social problems in careful perspective as william o neill remarks in his introduction to this new edition the big change is both a deep and wonderfully readable work of social commentary a book that gains rather than loses with the years
