hunting down social darwinism is the third and final installment in the trilogy the nature of liberty the trilogy gives a secular ethical defense of laissez faire capitalism inspired by ayn rand s ideas the trilogy s first book the freedom of peaceful action provided the philosophic theory behind the

~~ethics of a free enterprise system based on the individual rights to life liberty and private~~  
property which john locke described the second installment life in the market ecosystem explained how free enterprise functions much as a natural ecosystem wherein behavioral norms develop bottom up from repeat interactions among individual participants in the economy as such defenses of free enterprise are frequently criticized as social darwinism however this third and final installment of the trilogy asks the question what is social darwinism the book embarks on a hunt for the term s meaning explores social darwinism s beginnings and examines whether it is fair to describe such nineteenth century free market advocates as herbert spencer and william graham sumner as social darwinists it then addresses the accusation that the free market darwinism commonly ascribed to spencer and sumner rationalized bigotry and founded the pseudoscience of eugenics in the process the book refutes various myths about the topic popularized by such scholars as richard hofstadter and john kenneth galbraith the extent to which the popular narratives about social darwinism prove to be inaccurate holds enormous ramifications for current controversies it has implications for debates over the ethical appropriateness of reducing taxpayer spending on social welfare programs and also sheds new light on the pros and cons of attempts to apply biological evolutionary theory to the study of human social institutions additionally discussed is the manner in which various prominent figures in economics evolutionary psychology and complexity theory have grown famous for advancing ideas which spencer and sumner originated even as such figures simultaneously downplay the importance of spencer and sumner to their field following the hunt for social darwinism this work sums up the trilogy with some final thoughts on the importance that liberty holds for every effort to live life to the fullest

this unique two volume work is organized into two parts part i is a substantial series of introductory essays over forty essays offer generic histories of the subject as well as surveys of the history of the book around the world including the muslim world asia latin america and sub saharan africa part ii of the companion comprises an a z section of over 5 000 entries on every aspect of this exceptionally rich and diverse subject ranging from brief definitions and biographical entries to more extensive treatments both parts of the text are richly illustrated with reproductions diagrams maps and examples of various typographical features publisher s description
