this helpful guide for women in the workplace will show you how to take charge of any negotiation no wonder most women hate negotiating if we make concessions to further a deal we reviewed as weak if we play hardball we can be seen as overly aggressive and the strategy backfires the double standard will get us every time thankfully negotiation expert yasmin davidds has learned how best to strike a balance merging a woman s natural strengths collaboration relationship building listening with a firm grasp of established tactics utilizing guidelines stories and exercises that shed light on the psychology of negotiation your own terms reveals how women can control how they are perceived eliminate self sabotaging beliefs and behaviors discover their personal negotiation style build leverage understand an opponent s approach and adjust theirs in response don t let the world s double standards for women in business hold you back from negotiating for what you know is right with this eye opening and empowering resource by your side learn to win on your own terms and open doors you never knew had been shut

never before have world order and global security been threatened by so many destabilizing factors from the collapse of macroeconomic stability to nuclear proliferation terrorism and tyranny corruption global security and world order reveals corruption to be at the very center of these threats and proposes remedies such as positive leadership enhanced transparency

tougher punishments and enforceable sanctions although eliminating corruption is difficult this book's careful prescriptions can reduce and contain threats to global security contributors matthew bunn harvard university erica chenoweth wesleyan university sarah dix government of papua new guinea peter eigen freie universität berlin and africa progress panel kelly m greenhill tufts university charles griffin world bank and brookings ben w heineman jr harvard university nathaniel heller global integrity jomo kwame sundaram united nations lucy koechlin university of basel switzerland johann graf lambsdorff university of passau germany and transparency international robert legvold columbia university emmanuel pok national research institute papua new guinea susan rose ackerman yale university magdalena sepúlveda carmona united nations daniel jordan smith brown university rotimi t suberu bennington college jessica c teets middlebury college and laura underkuffler cornell university

a feminist perspective on the early history of personal computing revealing how computers were integrated into the most intimate aspects of family life the intimate life of computers shows how the widespread introduction of home computers in the 1980s was purposefully geared toward helping sustain heteronormative middle class families by shaping relationships between users moving beyond the story of male dominated computer culture this book emphasizes the neglected history of the influence of women's culture and feminist critique on the development of personal computing despite women's underrepresentation in the industry proposing the notion of companionate computing reem hilu reimagines the spread of computers into american homes as the history of an interpersonal romantic and familial medium she details the integration of computing into family relationships from helping couples have better sex and offering thoughtful simulations of masculine seduction to animating cute robot companions and giving voice to dolls that could talk to lonely children underscoring how these computer applications directly responded to the companionate needs of their users as a way to ease growing pressures on home life the intimate life of computers is a vital contribution to feminist media history highlighting how the emergence of personal computing dovetailed with changing gender roles and other social and cultural shifts eschewing the emphasis on technologies and institutions typically foregrounded in personal computer histories hilu uncovers the surprising ways that domesticity and family life guided the earlier stages of our all pervasive digital culture

a groundbreaking work of history and reportage that unveils the stranger than fiction world of multilevel marketing a massive money making scam and radical political conspiracy that has remade american society companies like amway mary kay and herbalife advertise the world s greatest opportunity the chance to be your own boss via an enigmatic business model called multilevel marketing or mlm they offer a world of pink cadillacs white columned mansions tropical vacations and most precious of all financial freedom if that is you re willing to shell out for expensive products and recruit everyone you know to buy them and if they recruit everyone they know too thus creating the multiple levels of mlm overwhelming evidence suggests that most people lose money in multilevel marketing and that many mlm companies are pyramid schemes yet the industry s origins tied to right wing ideologues like ronald reagan have escaped public scrutiny mlm has slithered in the wake of every economic crisis of the last century from the depression to the pandemic ensnaring laid off workers stay at home moms and teachers anyone who has been left behind by rising inequality in little bosses everywhere journalist bridget read tells the gripping story of multilevel marketing in full for the first time winding from sunny postwar california where a failed salesman started a vitamin business through the devoutly religious suburbs of michigan where the industry built its political influence to stadium size conventions where today s top sellers preach to die hard recruits mlm has enriched powerful people like the devos and van andel families warren buffett and president donald trump all while eroding public institutions and the social safety net then profiting from the chaos along the way read delves into the stories of those devastated by the majority female industry a veteran in florida searching for healing a young mom in texas struggling to feed her children a waitress scraping by in brooklyn a wild trip down an endless rabbit hole of greed and exploitation little bosses everywhere exposes multilevel marketing as american capitalism s stealthiest pr campaign a cunning grift that has shaped nearly everything about how we live and whose ultimate target is democracy itself

forty years of energy incompetence villains failures of leadership and missed opportunities

managerial communication focuses on communication skills and strategies that managers need to be successful in today s workplace known for its holistic overview of communication and

focus on managerial competencies it continues to be the market leader in the field the ninth edition provides coverage of current topics like managing hybrid and virtual teams chatgpt and artificial intelligence and empathic listening

this anthology brings together a diversity of key texts in the emerging field of existential risk studies it serves to complement the previous volume the era of global risk an introduction to existential risk studies by providing open access to original research and insights in this rapidly evolving field at its heart this book highlights the ongoing development of new academic paradigms and theories of change that have emerged from a community of researchers in and around the centre for the study of existential risk the chapters in this book challenge received notions of human extinction and civilization collapse and seek to chart new paths towards existential security and hope the volume curates a series of research articles including previously published and unpublished work exploring the nature and ethics of catastrophic global risk the tools and methodologies being developed to study it the diverse drivers that are currently pushing it to unprecedented levels of danger and the pathways and opportunities for reducing this in each case they go beyond simplistic and reductionist accounts of risk to understand how a diverse range of factors interact to shape both catastrophic threats and our vulnerability and exposure to them and reflect on different stakeholder communities policy mechanisms and theories of change that can help to mitigate and manage this risk bringing together experts from across diverse disciplines the anthology provides an accessible survey of the current state of the art in this emerging field the interdisciplinary and trans disciplinary nature of the cutting edge research presented here makes this volume a key resource for researchers and academics however the editors have also prepared introductions and research highlights that will make it accessible to an interested general audience as well whatever their level of experience the volume aims to challenge readers to take on board the extent of the multiple dangers currently faced by humanity and to think critically and proactively about reducing global risk

when the apollo 11 astronauts returned from humanity s first voyage to the moon in 1969 nasa officials advocated for more ambitious missions but with the civil rights movement environmental concerns the vietnam war and other social crises taking up much of the public s attention they lacked the support to make those ambitions a reality instead the space agency

had to think more modestly and pragmatically crafting a program that could leverage the excitement of apollo while promising relevance for average americans the resulting initiative the space shuttle would become the centerpiece of nasa human space flight activity for forty years opening opportunities for the public to engage with and participate in space projects in new ways the people s spaceship traces how and why nasa painstakingly connected the vehicle to so many segments of society underscoring the successes and challenges endured in the process amy paige kaminski shares the story of how the space shuttle became an american technological icon

new york times bestseller learn the negotiation model used by google to train employees worldwide u s special ops to promote stability globally this stuff saves lives and families to forge better relationships a 20 discount on an item already on sale a four year old willingly brushes his her teeth and goes to bed a vacationing couple gets on a flight that has left the gate 5 million more for a small business a billion dollars at a big one based on thirty years of research among forty thousand people in sixty countries wharton business school professor and pulitzer prize winner stuart diamond shows in this unique and revolutionary book how emotional intelligence perceptions cultural diversity and collaboration produce four times as much value as old school conflictive power leverage and logic as negotiations underlie every human encounter this immediately usable advice works in virtually any situation kids jobs travel shopping business politics relationships cultures partners competitors the tools are invisible until you first see them then they re always there to solve your problems and meet your goals

tackles questions on how democracies can deliver social and economic rights include all citizens in decision making and reduce poverty this new publication is a two volume set that explores ways in which democratic practice can contribute to the management of contemporary conflicts and promote the realization of security and development objectives volume i contains analysis and recommendations based on wide ranging research and evaluation of lessons learned from democratization processes past and ongoing volume ii presents essays and case studies by leading specialists from around the world that further develop the themes and findings presented in volume i democracy conflict and human security argues that effective democracy building moves beyond the process of elections and technical assistance and examines how democratic practice relates to human security governments may hold free elections

but fall short in other democratic measures such as the separation of powers the freedom of the press and guarantees of human rights these two volumes are aimed at practitioners parliamentarians politicians government officials and policy makers concerned with problems such as social exclusion the quality of democracy and new forms of authoritarian regimes

the most comprehensive and current resource on the heart this unparalleled text continues to focus on patient care rather than the scientific aspect of the specialty

the author examines the law and justice reform partnership between australia and papua new guinea focusing on the importance of implementing reform that is both culturally and politically appropriate explanations for the failure of western law and justice solutions are suggested the paper recommends the adoption of restorative justice approaches reintroducing and empowering the village court system and supporting and making better use of community justice organisations

contributed articles presented at the national seminar on peace process in north east india orgnaised by the indian council of social science research north eastern regional centre shillong at the north eastern hill university on 20th and 21st oct 2005

many practitioners and advocates have welcomed culture s new prominence in policy discourse and the new markets it offers for cultural production others however see a danger that instrumental justifications for cultural funding risk overlooking the intrinsic qualities of culture reducing it to an input and blunting any radical edges this book asks are we at a new moment for cultural policy leading international thinkers from countries including australia britain and the united states provide a timely overview of these issues debating and discussing the directions that cultural policy should take in the future back cover

looks at national approaches to security and intelligence and the resulting impact on international cooperation this two volume work provides chapters on national cultures of security and intelligence that address common questions and themes
