this book offers new perspectives through which to observe and interpret mega events using the specific case studies of world s fairs di vita and morandi present a report of the milan expo 2015 and its trans scalar legacies while the event and post event have been affected by the world crisis the locations of exhibition areas have greatly expanded encompassing regional as well as post metropolitan spaces the two main aims of comparing milan to previous expos such as lisbon 1998 zaragoza 2008 and shanghai 2010 were to demonstrate the contribution of the 2015 world s fair to the urban innovation process and to the debate surrounding a new urban agenda as well as to examine empirically and theoretically the international discussion regarding the growth of regional and macro regional scales of contemporary cities in order to offer suggestions for future urban agendas through mega events this book will be of great value to students researchers and policy makers in the area of urban planning and the urban studies more broadly geography and spatial politics

this is a study of events and their place in our language and thought the author discusses what kind of item an event is how the language of events works and how these two themes are interrelated he argues that most of the supposedly metaphysical literature on events is really about semantics of their names and that the true metaphysic of events known by leibniz and rediscovered by jaegwon kim has not been universally accepted because it has been obscured by a false semantic theory

tourism academics have conducted many studies on events and digital tourism the objective of this text is to chart a course toward a more promising future the current book will explain the conceptual framework of regenerative tourism by highlighting viewpoints issues and potential solutions via case studies it attempts to shed light on topics surrounding tourist planning events and digital media it will go into the actual problem and its repercussions the study is interdisciplinary in character with a focus on the growth of the discipline of tourism and events in the new digital era addressing both theoretical and practical elements the outbreak of covid 19 has hastened tourism s transformational change towards digitalization with a rise in unique emerging digitalized endeavours to assist tourist firms this book offers a thorough examination of the essence of the tourist industry events activities in the digitalized environment this book examines ways technologies have changed the tourist industry in areas such as product management of locations advertising lead generation sustainable growth of the tourist industry tourist activities it investigates how digitally changes affect attitudes perceptions communication technological resources business strategies this volume will indeed be valuable for tourists tourist industry heritage hotel industry advertising researchers along with itinerary strategists administrators of tourist destinations management organizations legislators regulations and accreditation

agencies provincial tourism authorities lawmakers

this is robert porter s third book this includes a wide range of short stories from children to adults this book was written not only for children but for anyone who like to sit down on the couch at home or the bed and read a book that will take you in places you dream about or take children into the life of their favorite animal friends

articles gathered in the volume focus on traditional and contemporary debates within the philosophy of language and on the interfaces between linguistics philosophy and logic the topics of individual contributions cover such diverse issues as analytic accounts of the a priori and implicit definitions medieval and contemporary theories of fallacy game theoretical semantics modal games in natural language and literary semantics possible world theories and paradoxes involving structured propositions extensions to dynamic syntax semantics of proper names judgement dependence tacit knowledge and linguistic understanding ontology in semantics implicit knowledge and theory of meaning and many more the multitude of topics shows that the convergence of linguistic philosophical formal and cognitive approaches opens new research perspectives within contemporary philosophy of language and linguistics the volume includes contributions by among other authors luis fernández moreno madrid chris fox essex ruth kempson london alexander miller birmingham arthur sullivan newfoundland mieszko talasiewicz warsaw

this book focuses on the issues and trends in outdoor nature based recreation leisure and tourism and explores the implications for public policy planning management and marketing it is intended as supplementary reading for advanced students and is a useful reference tool

how black music shapes the political identity consciousness and engagement of black youth from rihanna and kendrick lamar to j cole and janelle monae najja k baptist shows us how black music has more than ever before become a form of political participation and resistance that has socialized and mobilized a new generation of black youth leading them to enter and remain engaged with large scale activist movements drawing on surveys with hundreds of youth interviews with artists and activists and in depth content analysis baptist shows us how the creation and consumption of black music has made movements like black lives matter possible as black music both responds to and educates its listeners about catalytic political events like police killings it simultaneously heightens develops and sustains the political consciousness of black youth particularly in the age of social media baptist finds that music predicts and further shapes their larger public attitudes toward government

political leaders and policies in addition to encouraging more traditional forms of political participation such as organizing and attending protests ultimately baptist invites us into the fascinating often hidden space where young black political consciousness is born and cultivated driving many to become agents of change

the wiley blackwell companion to tourism presents a collection of readings that represent an essential and authoritative reference on the state of the art of the interdisciplinary field of tourism studies presents a comprehensive and critical overview of tourism studies across the social sciences introduces emerging topics and reassesses key themes in tourism studies in the light of recent developments includes 50 newly commissioned essays by leading experts in the social sciences from around the world contains cutting edge perspectives on topics that include tourism s role in globalization sustainable tourism and the state s role in tourism development sets an agenda for future tourism research and includes a wealth of bibliographic references
