a comprehensive of medieval anglo latin literature

japan s invasion of china in 1937 saw most major campaigns north of the yangtze river where chinese industry was concentrated the southern
 theater proved a more difficult challenge for japan because of its enormous size diverse terrain and poor infrastructure but generalissimo chiang
 kai shek made a formidable stand that produced a veritable quagmire for a superior opponent a stalemate much desired by the allied nations in
 the first book to cover this southern theater in detail david macri closely examines strategic decisions campaigns and operations and shows how
 they affected allied grand strategy drawing on documents of u s and british officials he reveals for the first time how the sino japanese war served
 as a proxy war for the allies by keeping japan s military resources focused on southern china they hoped to keep the enemy bogged down in a

war of attrition that would prevent them from breaching british and soviet territory while the most immediate concern was preserving siberia and its vast resources from invasion macri identifies hong kong as the keystone in that proxy war vital in sustaining chinese resistance against japan as it provided the logistical interface between the outside world and battles in hunan and kwangtung provinces a situation that emerged because of its vital rail connection to the city of changsha he describes the development of anglo japanese low intensity conflict at hong kong he then explains the geopolitical significance of hong kong and southern china for the period following the german invasion of the soviet union opening a new window on this rarely studied theater macri underscores china s symbolic importance for the allies depicting them as unequal partners who fought the japanese for entirely different reasons china for restoration of its national sovereignty the allies to keep the japanese preoccupied and by aiding china s wartime efforts the allies further hoped to undermine japanese propaganda designed to expel western powers from its greater east asia co prosperity sphere as macri shows hong kong was not just a sleepy british colonial outpost on the fringes of the empire but an essential logistical component of the war and to fully understand broader events hong kong must be viewed together with southern china as a single military zone his account of that forgotten fight is a pioneering work that provides new insight into the origins of the pacific war

separately paged appendices accompany some reports

the frontiersmen who came to the victoria river district of australia s northern territory included cattle and horse thieves outlaws capitalists dreamers drunks madmen and others from the explorers of the 1830s and 1850s to the founders of the big stations in the 1880s and 1890s and the cattle duffers in the early 1900s this book looks at them all drawing on painstaking research into obscure and rich documentary sources

aboriginal oral traditions and first hand investigations conducted in the region over thirty five years darrell lewis pieces together the complex interactions between the environment the powerful and warlike aboriginal tribes and the settlers and their cattle which produced what truly became a wild history
