this is one of the best books i have read on the subject the sun fresh witty and reassuringly down to earth you magazine fed up with advice that did not take into account a less than perfect pregnancy dr chiara hunt and marina fogle set up their pregnancy course the bump class in london in 2013 they wanted to help prepare new mothers thoroughly for the birth of their babies and instil in them the joy and happiness of birth no matter what the method time or setting of the labour this book is a pragmatic and honest look at pregnancy giving pregnant women and new mothers sensible and practical advice on what is to be expected as well as the often unexpected in a friendly and open manner chiara and marina believe that there is no such thing as a normal pregnancy or birth every woman is

different and that should be celebrated not ignored the bump class is filled with charming illustrations impartial advice style tips and hilarious anecdotes from both of the authors as well as personal stories from the women who have been welcomed onto their course this book will provide every pregnant woman with the support and reassurance that is so essential at the most crucial time in any woman s life

having a baby can and should be one of the most joyful experiences of a woman s life while there are hundreds of books that provide information on how to ensure the development of a healthy baby few of them dedicate more than a few pages to the nourishment of the mother herself during this physically and emotionally demanding time it is rarely discussed but women commonly experience a wide variety of ailments during the postpartum period from depression to anxiety backache and loss of libido a natural guide to pregnancy and postpartum health is the first book by physicians that is devoted entirely to telling women how they can prevent postpartum problems and attain optimum health after the delivery of their babies elements of the program which is meant to be adopted during or if possible before pregnancy include diet nutritional supplementation exercise hormone balancing the use of medicinal herbs and conventional medications developed by the authors in clinical practice this program has a proven track record in helping women to avoid and overcome postpartum difficulties
