since the publication of the previous edition the best selling handbook of public administration enters its third edition with substantially revised updated and expanded coverage of public administration history theory and practice edited by preeminent authorities in the field this work is unparalleled in its thorough coverage and comprehensive references this handbook examines the major areas in public administration including public budgeting and financial management human resource management decision making public law and regulation and political economy providing a strong platform for further research and advancement in the field this book is a necessity for anyone involved in public administration policy and management this edition includes entirely new chapters on information technology and conduct of inquiry in each area of

public administration there are two bibliographic treatises written from different perspectives the first examines the developments in the field the second analyzes theories concepts or ideas in the field's literature

the classic work of american history by the renowned author of from slavery to freedom with a new introduction by historian eric foner first published in 1961 john hope franklin's revelatory study of the reconstruction era is a landmark work of history exploring the role of former slaves and dispelling longstanding popular myths about corruption and radical rule looking past dubious scholarship that had previously dominated the narrative franklin combines astute insight and careful research to provide an accurate comprehensive portrait of the era franklin's arguments concerning the brevity of the north's occupation the limited power wielded by former slaves the influence of moderate southerners the flawed constitutions of the radical state governments and the downfall of reconstruction remain compelling today this new edition of reconstruction after the civil war also includes a foreword by eric foner and a perceptive essay by michael w fitzgerald

this handbook on social movements revolution and social transformation analyzes people's struggles to bring about social change in the age of globalization it examines the origins nature dynamics and challenges of such movements as they aim to change dominant social economic and political institutions and structures across the globe departing from a theoretical introduction that explores major classical and contemporary theories of social movements and transformation the contributions collected here use a class based approach to examine key cases of social movements rebellions and revolutions worldwide from the turn of the twentieth to the early twenty first centuries against this wide ranging background the handbook concludes by charting the varied and competing future developments and trajectories of social movements revolutions and social transformations

marxist historiographies is the first book to examine the ebb and flow of marxist historiography from a global and cross cultural perspective since the eighteenth century few schools of historical thought have exerted a more lasting impact than marxism and this impact extends far beyond the western world within which it is most commonly analysed edited by two highly respected authors in the field this book deals with the effect of marxism on historical writings not only in parts of europe where it originated but also in countries and regions in africa asia north and south america and the middle east rather than presenting the chapters geographically it is structured with respect to how marxist influence was shown in the works of historians in a particular area this title takes a dual approach to the subject some chapters are national in scope addressing the marxist impact on historical practices within a country whereas others deal with the varied expressions of marxist historiography throughout a wider region taking a truly global perspective on this topic marxist historiographies demonstrates clearly the breadth and depth of marxism's influence in historical writing throughout the world and is essential reading for all students of historiography

according to a fairy tale after world war ii europe rejected nationalism and subsequently started the european project which brought uninterrupted peace from 1945 on in this book this version of history is unmasked first europe did not desert nor transcend nationalism after 1945 on the contrary since 1800 the nationalist program based on linguistic divisions has been implemented continuously also after the end of world war ii not the rejection of the nationalist program but its nearly full implementation is the basis of the

lasting peace in europe since 1945 the delineation of linguistically homogeneous territories is the precondition to create a truly lockean democracy second nationalism is by itself in the first place a strong emancipatory force that is intrinsically connected with the liberal evolutions at the end of the eighteenth and the midst of the nineteenth century a correct appreciation of the emancipatory role of nationalism and of the contribution of nationalism to the current structure of europe is a necessity to be able to deal adequately with the issues the modern world is thrusting upon europe and to assess the form a political entity europe might take the european experience raises the question whether another path is possible throughout its history the usa has followed the european path and has remained fundamentally anglo saxon until 1965 since then the usa is struggling how to deal with its multicultural and multilingual reality and hesitates between an english only mode following the european model or something else currently still not yet clearly defined and what are the implications of europes history when applied to the middle east or multinational states like china can they democratize without falling apart

voters often lack knowledge of government structure political issues and candidates positions and frequently elect incompetent or venal politicians to office partisanship corruption and inefficiency follow ideas for strengthening democracy are discussed along with recommendations by various political scientists and philosophers

what does it mean to talk like an american according to john russell bartlett s 1848 dictionary of americanisms it means indulging in outlandish slang splendiferous scrumptious higgeldy piggedly and free and easy word creation demoralize lengthy gerrymander american english is more than just vocabulary though it s a picturesque way of talking that includes expressions like go the whole hog and the wild boasts of frontiersman davy crockett who claimed to be half horse half alligator and a touch of the airthquake splendiferous speech explores the main sources of the american vernacular the expanding western frontier the bumptious world of politics and the sensation filled pages of popular nineteenth century newspapers it s a process that started with the earliest english colonists first word adoption the algonquian raccoon and is still going strong today author rosemarie ostler takes readers along on the journey as americans learn to declare linguistic independence and embrace their own brand of speech for anyone who wonders how we got from the english of king james to the slang of the internet it s an exhilarating ride
