landis applied approach combines readings commentary and core concepts adopters are satisfied with the lighter core format of the text the readings are diverse and deal with contemporary issues thus increasing relevancy to students the text is a smooth read for the 2 year college student not too condescending and not too complicated

sociology for dummies helps you understand the complex field of sociology serving as the ideal study guide both when you re deciding to take a class as well as when you are already participating in a course avoiding jargon sociology for dummies will get you up to speed on this widely studied topic in no time sociology for dummies uk edition provides a general overview of what sociology is as well as an in depth look at some of the major concepts and theories offers examples of how sociology can be applied and its importance to everyday life features an in depth look at

social movements and political sociology helps you discover how to conduct sociological research offers advice and tips for thinking about the world in an objective way

this timely resource written by a team of authors who are working at the forefront of the public sociology movement provides a contemporary analysis of public sociology the book highlights a variety of ways in which sociology brings about social change in community settings assists nonprofit and social service organizations in their work and influences policy at the local regional and national levels the book also spotlights sociology that informs the general public on key policy issues through media and creates research centers that develop and carry out collaborative research

culture cultural difference and cultural conflict always surround us cultural sociologists aim to understand their role across all aspects of social life by examining processes of meaning making in this crisp and accessible book lyn spillman demonstrates many of the conceptual tools cultural sociologists use to explore how people make meaning drawing on vivid examples she offers a compelling analytical framework within which to view the entire field of cultural sociology in each chapter she introduces a different angle of vision with distinct but compatible approaches for explaining culture and its role in social life analyzing symbolic forms meaning making in interaction and organized production this book both offers a concise answer to the question of what cultural sociology is and provides an overview of the fundamental approaches in the field

especially created by three experienced examiners and authors involved in the aqa and ocr specifications this series has been developed using their teaching and learning experiences of the specifications this ground breaking set of resources encapsulates the knowledge understanding and skills required for the as exam

sociology discovering society 2nd provides comprehensive coverage of sociology in an affordable paperback format with research studies in every chapter and boxes that portray sociologists at work it will especially appeal to sociology professors who value a quantitative research methodology oriented approach instead of presenting every possible theory for each issue stockard s streamlined approach pulls in theories only when they appropriately relate to the issue at hand this integrated approach produces a text that reads more smoothly than the overly encyclopedic heavily interrupted narratives of other texts

professor snedden draws upon sociology in every phase of his interesting discussion of educational problems and his approach to these problems is sociologically sound he starts with the group concept and especially with the primary groups the family and the neighborhood working from the concrete facts of group life he discusses social forces and processes social values social efficiency and social progress then he

comes to his formulation of the sociological foundations of education in general and of each school subject this book was written to aid in the training of teachers wherein its discussions of educational problems which are well balanced and carefully based upon established data will be especially useful

a unique collection of interviews with some of the world's most significant sociologists

a comprehensive introductory sociology textbook this edition retains its basic 18 chapter format and includes a thorough updating of all data and references
