globalization is irreversible and irresistible tony blair this book gives the lie to that claim economic globalization has never been an inevitable part of human history it is eminently reversible and hugely resistible greg buckman argues there are two broad approaches within the anti globalization movement one perhaps the most widely supported and influential strand today he calls the fair trade and back to bretton woods school this argues for immediate reforms of the world s trading system capital markets and global institutions notably the world bank imf and wto the other the localization school takes a more root and branch position and argues for the abolition of these institutions and outright reversal of globalization buckman explains the details of each school s outlook and proposals their weaknesses where they disagree their common ground and where they might come together in campaigns

this completely revised and updated sequel to globalization and antiglobalization advances our understanding of the dynamics of neoliberal globalization and draws our attention towards efforts to construct another world beyond neoliberalism incorporating a new introduction and conclusion as well as eight entirely new chapters it brings together eleven specialists in the political economy of international relations and globalization to reflect on and analyze the diverse dimensions of the globalization process

globalization is part of the fabric of our everyday lives and yet we often view it as a threat to our identities or even our very survival this study offers a radically new vision of this phenomenon one which goes completely against the way it is interpreted by neo liberals or the anti globalization movement

economic globalization as author greg buckman persuasively argues in the first half of this book has never been an inevitable part of human history it is eminently reversible and hugely resistible in the second half of the book greg buckman argues there are two broad approaches within the anti globalization movement one perhaps the most

influential strand today he calls the fair trade and back to bretton woods school this argues for immediate reforms of the world s trading system capital markets and global institutions the other an equally broad church the localization school take a more root and branch critical position and argues for the abolition of these institutions and outright reversal of globalization buckman explains the details of each school s outlook and proposals the criticisms that can be made of them where they disagree and perhaps most importantly where they share common ground and can come together in their campaigning

this book provides a comprehensive and nuanced analysis of the anti globalisation struggles taking place around the world it shows the complexity and diversity of these movements and illustrates this with detailed empirical studies of local national and transnational resistance in the united states europe asia and africa the authors introduce a variety of competing theoretical perspectives from international political economy social movement theory globalisation studies feminism and postmodernism explaining how activism has influenced theory and how theory can help activists to modify their tactics

globalization and development is a cross national study on the interstate dispersion of the impacts on growth inequality and poverty that international economic integration provides to the economies of the developing countries in order to present the leading issues in development with globalization in a balanced manner to identify differences and commonalities among country experiences in development with globalization and to introduce diversified development paradigms with forward looking discussions in search of a new development paradigm for the post mdgs era this publication consists of three volumes and four main parts volume i part i introduces the evolution and facets of globalization and the challenges that we face in our development efforts under globalization findings from the old and new empirical studies are consolidated for us to answer the following question what do we really know about the impacts of globalization volume i part ii contains thematic and issue oriented discussions on the key facets of globalization this book intends to serve as a unique and comprehensive guide for those in the international development community on the subjects of diversified development paradigms paths under globalization and other challenges in the post mdgs era

written by a premier group of 21 thinkers from around the world the second edition of alternatives to economic globalization lays out democratic ecologically sound socially just alternatives to corporate globalization more fully

specifically and thoughtfully than has ever been done before focusing on constructive achievable goals the authors present ten governing principles for establishing truly sustainable societies and describe alternatives to the world bank the imf and the wto that would better serve the needs of the planet they offer detailed proposals for protecting vital goods and services from corporate exploitation limiting corporate privileges and power rebuilding economies to make them more responsive to human needs and more this revised and expanded edition features a new opening chapter on the global balance of power a new section on the media and globalization and a new final chapter on what ordinary citizens can do to fight the injustices of globalization it also includes many new charts sidebars and other updated information

in the passionate debate that currently rages over globalization critics have been heard blaming it for a host of ills afflicting poorer nations everything from child labor to environmental degradation and cultural homogenization now jagdish bhagwati the internationally renowned economist takes on the critics revealing that globalization when properly governed is in fact the most powerful force for social good in the world today drawing on his unparalleled knowledge of international and development economics bhagwati explains why the gotcha examples of the critics are often not as compelling as they seem with the wit and wisdom for which he is renowned bhagwati convincingly shows that globalization is part of the solution not part of the problem this edition features a new afterword by the author in which he counters recent writings by prominent journalist thomas friedman and the nobel laureate economist paul samuelson and argues that current anxieties about the economic implications of globalization are just as unfounded as were the concerns about its social effects

globalization has changed the context for and the organizational forms of politics unleashing forces in support of and in opposition to the globalization dynamic investigating the dynamics of change and development in two regions of the world economy latin america and asia this book evaluates these forces their political dynamics and the responses of governments and citizens

since the 1950s globalization has been an increasingly irresistible trend and one that has exerted a tremendous impact on the political economic military environmental and social fortunes of mankind and yet existing theories in humanities and social sciences have been fundamentally built upon the traditional nation state model these two volumes a pioneering work on global studies to be published out of china aim at creating a new theoretical

framework against the backdrop of globalization this volume discusses globalization on the supranational level the editors reveal the complexity of global studies by examining the multi level and multi dimensional nature of globalization analyzing processes and systems of global society against the backdrop of globalization and exploring the construction of a stable and rational global order these two volumes are an essential reference for scholars and students in politics economics international relations and law

increasing economic globalization has made understanding the world economy more important than ever from trade agreements to offshore outsourcing to foreign aid this two volume encyclopedia explains the key elements of the world economy and provides a first step to further research for students and scholars in public policy international studies business and the broader social sciences as well as for economic policy professionals written by an international team of contributors this comprehensive reference includes more than 300 up to date entries covering a wide range of topics in international trade finance production and economic development these topics include concepts and principles models and theory institutions and agreements policies and instruments analysis and tools and sectors and special issues each entry includes cross references and a list of sources for further reading and research complete with an index and a table of contents that groups entries by topic the princeton encyclopedia of the world economy is an essential resource for anyone who needs to better understand the global economy features more than 300 alphabetically arranged articles on topics in international trade finance production and economic development international team of contributors annotated list of further reading with each article topical list of entries full index and cross references entry categories and sample topics concepts and principles globalization anti globalization fair trade foreign direct investment international migration economic development multinational enterprises models and theory heckscher ohlin model internalization theory new trade theory north south trade triffin dilemma institutions and agreements european union international monetary fund world trade organization world bank doha round international investment agreements policies and instruments dollar standard international aid sanctions tariffs analysis and tools exchange rate forecasting effective protection monetary policy rules sectors and special issues child labor corporate governance the digital divide health and globalization illegal drugs trade petroleum steel

this book is an excellent guide for all those intrigued confused or simply baffled by globalization and its impact
jacket

evaluating the impact of globalization on issues like altruism empowerment of women crime and violence culture area studies economy and production and the sociology of humanity this book makes the ethical and moral aspects of globalization its main concerns the complexities of the globalization process in the developing world are explored the debate between globalization and localization between indigenization and hybridization between equalization and inequalization the contributors also examines the consequences for transitional economies in their interactions with multinational corporations and the rise of the anti globalization movement in the past decade

protectionism is the economic policy of restraining trade between states through methods such as tariffs on imported goods restrictive quotas and a variety of other restrictive government regulations designed to discourage imports and prevent foreign take over of local markets and companies this policy is closely aligned with anti globalisation and contrasts with free trade where government barriers to trade are kept to a minimum the term is mostly used in the context of economics where protectionism refers to policies or doctrines which protect businesses and workers within a country by restricting or regulating trade with foreign nations this book explores topics in relation to protectionism such as collecting antidumping and countervailing duties the impacts and implications for the u s in free trade agreements trade remedy legislation the impact of export restraints on rising grain prices and others this book consists of public documents which have been located gathered combined reformatted and enhanced with a subject index selectively edited and bound to provide easy access

millions of people have already become active in rejecting corporate globalization and developing alternatives to it millions more know that something is terribly wrong and are ready to begin taking action this book is for them amory starr is author of naming the enemy a book that foresaw the emergent anti globalization network nearly a decade ago here she provides in concise and engaging style and with activist insight i a history of the movements emergence ii an outline of their analyses and aims iii a digest of the ongoing controversies and dilemmas and iv an inspiring co

globalization is usually said to be about markets power and culture this innovative book goes further arguing that globalization may also be understood as a way of knowing and representing the world mittelman debunks several prevalent myths about globalization and anti globalization presenting alternatives to this force and indicating the prospects for a new common sense about future world order drawing on considerable original research this book

shows how globalization itself and globalization studies have changed since 9 11 compact and accessible whither globalization is a major contribution to the study of globalization by one of the leading scholars in the field and is essential reading for students of international relations and international political economy

focusing on elucidating theoretical approaches to understanding and explaining globalization in both its current form and potential future shapes this text examines competing theories of globalization at present as well as considering competing prescriptions for its future

the events of the 11th of september 2001 revealed most dramatically that globalization has a shadow while large sections of the world s population enjoy the perceived benefits of globalization others seek to utilize globalization for their own politically violent purposes if 9 11 demonstrated anything it is that globalization can as readily facilitate violence and insecurity as it can produce stability prosperity and political order this edited volume offers important new methodological and multi disciplinary insights into the study of globalization and political violence it brings together studies from various disciplines in order to address the precise nature of the relationship between globalization and political violence as it seeks to offer new theoretical and empirical understandings of the types of actors involved in political violence either as perpetrators or victims examples of the studies include the changing character of state militaries and state to state conflict under globalization the emergence of new wars fuelled by globalization the role of state militaries in intervention new forms of violence directed by states against refugees and anti globalization protesters the role of terrorist actors post 9 11 networks for the proliferation of weapons of mass destruction and the rise of private military firms amongst others the globalization of political violence will be of interest to students and researchers of politics international relations security studies and international political economy

the g7 a self selected club of like minded industrialized countries looks at first glance ill suited to address current anti globalist concerns despite this it has successfully confronted anti globalization populist and protectionist pressures by focussing on concerns surrounding the destruction of the natural environment immigration transnational crime drugs disease and terrorism thus demonstrating the social and ecological advantages that globalization brings exploring how the world s oldest informal summit institution continues to respond to rising anti globalisation populism and protectionism this book investigates the contribution the g7 makes to global

governance through its actions and accountability of its members the expert contributors analyse from different perspectives the issues that have contributed to the rise of populism and protectionism and how well the g7 has responded to them each contribution identifies avenues that might allow renewing and strengthening the role of the g7 in times of global change with a view of strengthening its legitimacy and effectiveness it will be of interest to policy makers diplomats scholars of international relations international political economy diplomacy summitry and global governance the issues discussed will also be particularly relevant to those working for civil society and non governmental organizations seeking to participate in governance forums or to influence those who do
