you a quick look inside the spirit of god as fire the globe within the sun our heaven look inside the book some three hundred years ago the great and learned philosopher and astronomer galileo made an ascent in the empire of mind and science and promulgated immutable truths founded upon the laws of creation emanatingviii from god himself yet these were for a time disbelieved and through the bigotry of a controlling priesthood he was even forced to renounce them before a court of cardinals of the romish church sitting as inquisitors against heretical depravity at the city of rome and at the venerable age of seventy years to accept the sentence to a dungeon for life in the inquisition and yet these same truths have universally prevailed we believe that if a reasonable tangible idea of the constant presence of god with us prevailed as also of the heavenly world and the glories that shall be revealed the nature of the soul of man from whence derived the certainty that it must endure forever the requirements of the law of god the certainty of the judgment who is to be the judge the certainty that no error can be committed in his judgment no influences can be brought to bear to defeat the ends of justice that the righteous shall be adjudged to the enjoyment of happiness and eternal life the wicked be banished from the presence of god and from the glory of his power to dwell in everlasting flame and languish in eternal fire and that this righteous judgment will never be revoked but stand immutable as god himself on and on through all eternity we say we believe if this could be fully comprehended by finite minds the time would not be distant when all would come to a knowledge of the truth and know the lord whom to know aright is eternal life we find upon examination of the works of various leading authors that his statements are as nearly correct as any compilation well could be while with a mind seemingly inspired for the work his delineations are so graphic sublime and beautiful we shall take data and quote freely from his writings especially wherein he dwells upon the heavens sun moon and stars adding as we pass along such reflections crowding upon our mind as we deem appropriate and we think that in the contemplation of the subject now before us that ere we have finished this feature of it all will be ready to exclaim with the psalmist truly
