the doctrine of god is central to theology for it determines the way in which other

regions of christian doctrine are articulated yet work on this topic in its own right has been occluded recently by treatments of the trinity or divine passibility this collection of specially commissioned essays presents major treatments of key themes in the doctrine of god motivated by but not restricted to the work of professor paul s fiddes to whom it is offered as a festschrift it includes invigorating discussions of the biblical and non biblical sources for the doctrine of god and the section on metaphysics and the doctrine of god examines some of the most important conceptual questions arising in contemporary theological debate about the being and nature of god and god s relations to the world the final section of the book on god and humanity will be highly relevant to scholars working in the fields of theological anthropology moral and political theology on inter faith relations on theology and literature or who are interested in the impact of contemporary science on the doctrine of god the introduction relates the essays in the book to the work of professor fiddes and to wider debates in christian doctrine this volume brings together a team of internationally distinguished scholars from a wide range of theological philosophical and religious perspectives and it will stimulate fresh thinking and new debate about this most central of topics in christian theology

stars and galaxies atoms and molecules all created so to render a divine arena for god to love man and for man to love god atoms and molecules of our bodies observe the same physical laws as those stars of the cosmos yet divinity rests not with the stars but within each of us whose spirit seeks to touch them in the twenty first century it is now more appropriate to equate gender identity with a spiritual hemisphere masculine or feminine than merely biological plumbing genitalia i think too that the golden rule do unto others as you would have them do unto you falls short of the mark unless the statement applies to animals and plants misogyny the hatred of women or more provocatively is misogyny the hatred of being attracted to women evil resides within one s own mind and is pointed toward other people as hate envy bigotry racism etc the mind is a wonderful window for the sun to shine in but only works if the shades are open men and women participate in the game of sex the board is the same but men bring checkers and women bring chess pieces the most marvelous sex organ isn t between the legs it s between the ears let s be clear worship is not love worship is idolatry love is love we seek expression sexual or otherwise without hindrance to seek and discover self our unique identity our inner yearning to reach for infinity left behind yet achingly just ahead our souls strive for freedom and in so doing what we commonly call man the eating drinking counting man does not as we know him represent himself him we do not respect but the soul whose organ he is would make our knees bend when it breathes through his intellect it is genius when it breathes through his will it is virtue when it flows through his affection it is love walt whitman

as paul wrote to his young disciple and co laborer timothy godliness is a great gain but in what respect is godliness a great gain and how can a christian attain the biblical godliness that is gainful watson starts with the most unexpected ingredient by any modern christian the fear of god and explains why and how the fear of god obtains for the true believer that godliness that is a great gain then he continues to sketch the portrait of the true godliness by talking about how that believer things talks and acts in the light of that gospel fear but watson does not stop here he discusses then what is the great gain about the true biblical godliness and he does this in a marvelous way atypical puritan approach you cannot put this book down once you start reading it this book was originally published in 1681 this edition has been proofread typeset for ebook readers and lightly updated for modern readers

a trusted apologist provides a fresh balanced approach to understanding how a loving god can preside over a world filled with evil and suffering

these two volumes provide a translation of the philosophical works of descartes based on the best available latin and french texts they are intended to replace the only reasonably comprehensive selection of his works in english by haldane and ross first published in 1911 all the works included in that edition are translated here together with a number of additional texts crucial for an understanding of cartesian philosophy including important material from descartes scientific writings the result should meet the widespread demand for an accurate and authoritative edition of descartes philosophical writings in clear and readable modern english

freedom and its internal relation to reason is fundamental to descartes philosophy in general and to his meditations on first philosophy in particular without freedom his entire enquiry would not get off the ground and without understanding the rôle of freedom in his work we could not understand what motivates key parts of his metaphysics yet not only is freedom a relatively overlooked element but its internal relation to reason has gone unnoticed by most studies of his philosophy self reason and freedom a new light on descartes metaphysics by defending freedom s internal relation to reason sheds new light on descartes metaphysics and restores the often dismissed fourth meditation to the core of his metaphysics as he conceived it implicit in that relation is a rejection of any authority external to reason andrea christofidou shows how this lends strength and explanatory force to descartes enquiry and reveals his conception of the unity of the self and of its place in the world self reason and freedom a new light on descartes metaphysics is essential reading for students and scholars of descartes and anyone studying seventeenth century philosophy
