good stories are about people good science fiction stories are about science and people so how to you put good science into a story that is about people thats what this book is about its about looking for how science changes peoples lives and how to make that change an interesting story about people this is about making technofictionscience fiction where science matters as much as characters welcome to a tales of technofiction book

the real succession story of the murdoch empire is more shocking than the fictional tv series when rupert murdoch made a fateful decision about who should inherit his media colossus he believed that pitting his children against each other would produce the most capable heir twenty five years later that gamble would tear apart one of the world s most powerful families and trigger a multi billion dollar reckoning in a succession battle featuring betrayals lawsuits and revenge plots in bonfire of the murdochs bestselling author gabriel sherman tells the inside story of this epic family war one whose seeds were planted a half century ago in australia when the complicated patriarch left his homeland to conquer the world and please the ghost of his judgmental father that quest culminated in a media empire that controlled fox news the wall street journal and tabloids on three continents which wielded more political and cultural power than any single company in modern times but rupert s plan to rip up the secret trust controlling his empire and anoint his conservative firstborn son lachlan as successor set him on a collision course with his three

more liberal children what price would rupert pay to secure his legacy for the aging patriarch this would be his final and most personal deal based on interviews with more than 150 sources bonfire of the murdochs is a richly textured narrative where each child plays their predestined role in a blood feud that explodes in a courtroom showdown there murdoch s children weaponize his own secrets against him it is a tragedy shakespeare would have appreciated where getting everything you want costs everything you love

jimmy page knew that led zeppelin had to take america by storm for the group to be successful sonic boom is the story of how they did it as told by the people who helped make it happen author frank reddon conducted over 40 primary source interviews discover what deejays promoters musicians studio personnel and even audience members had to say about the band destined to become rock n roll s premier super group these exclusive interviews provide amazing insights and a panoramic overview of the hippie subculture and popular music scene in the 1960s as well as brand new details about the new yardbirds first ever public performance if you think you ve seen and heard it all about led zeppelin this book will prove you wrong
