the code of federal regulations is the codification of the general and permanent rules published in the federal register by the executive departments and agencies of the federal government

for the ancient native peoples the place known to us as america s stonehenge mystery hill was a sacred place for 2500 years they came annually to hold ceremonies with the spirits at first they came on the summer solstice and then later they came for the winter solstice and spring equinox they built ritual structures like stone chambers cairns drains basins enclosures and standing stones as part of their ceremonial areas as the ceremonies were altered and added to new ceremonial structures were built to accommodate them these structures were constructed for specific purposes contained symbolism meaningful to their culture and had distinct architectural styles the result is an amazing archaeological record of the 2500 year cultural history of this sacred place americai s stonehenge deciphered explores the purpose of these structures the ceremonies held at them and the meaning behind the symbolism built into them it traces how these cultural beliefs were passed from generation to generation and how they were added to and altered to meet the changing needs of their culture what emerges from this is a profound respect for the intelligence sophistication and the depth of their spiritual worldview culture and their expertise with building stone structures

while frustration with various aspects of american democracy abound in the united states there is little agreement over or even understanding of what kinds of changes would make the system more effective and increase political participation matthew j streb sheds much needed light on all the major concerns of the electoral process in the thoroughly revised third edition of this timely book on improving american electoral democracy this critical examination of the rules and institutional arrangements that shape the american electoral process analyzes the major debates that embroil scholars and reformers on subjects ranging from the number of elections we hold and the use of nonpartisan elections to the presidential nominating process and campaign finance laws ultimately streb argues for a less burdensome democracy a democracy in which citizens can participate more easily in transparent competitive elections this book is designed to get students of elections and american political institutions to think critically about what it means to be democratic and how democratic the united states really is part of the controversies in electoral democracy and representation series edited by matthew j streb
