an illustrated collection of vietnamese folktales with explanatory notes following each story

this handbook is the first in depth overview of the fascinating world of burmese folk tales part one provides a wide ranging and multi disciplinary survey of folk tale studies together with a broad functional classification of burma s tales part two presents mostly for the first time in a european language the categorized actual tales themselves with commentaries on plots and cross cultural motifs past and present with index substantial bibliography and suggestions for further research

offering a new template for future exploration susan greenwood examines and develops the notion that the experience of magic is a panhuman orientation of consciousness a form of knowledge largely marginalized in western societies in this volume she aims to form a bridge of communication between indigenous magical or shamanic worldviews and rationalized western cultures she outlines an alternative mythological framework for the latter to help develop a magical perception as well as giving practical case studies derived from her own research the form of magic discussed here is not fantastic or virtual but ecological and sensory magical knowledge infiltrates the body in its deepest levels of the subconscious and unconscious as well as conscious awareness it is felt and understood through the connection with an inspirited world that includes the consciousness of other beings including those of plant animal and the physical environment this is anthropology from the heart rather than the head and it engages with the messy area of emotions an

embodiment of the senses and struggles to find a common language of listening to one another across a void of differences the aim is to provide a non reductive structure for the creative interplay of both magical and analytical modes of thought passion is a motivator for change and a change in attitude to magic as an integrative force of human understanding is the main thread of this work
