the social design reader explores the ways in which design can be a catalyst for social change bringing together key texts of the last fifty years editor elizabeth resnick traces the emergence of the notion of

socially responsible design this volume represents the authentic voices of the thinkers writers and designers who are helping to build a canon of informed literature which documents the development of the discipline the social design reader is divided into three parts section 1 making a stand includes an introduction to the term social design and features papers which explore its historical underpinnings section 2 creating the future documents the emergence of social design as a concept as a nascent field of study and subsequently as a rapidly developing professional discipline and section 3 a sea change is made up of papers acknowledging social design as a firmly established practice contextualising section introductions are provided to aid readers in understanding the original source material while summary boxes clearly articulate how each text fits with the larger milieu of social design theory methods and practice

the second edition of the urban design reader draws together the very best of classic and contemporary writings to illuminate and expand the theory and practice of urban design nearly 50 generous selections include seminal contributions from howard le corbusier lynch and jacobs to more recent writings by waldheim koolhaas and sorkin following the widespread success of the first edition of the urban design reader this updated edition continues to provide the most important historical material of the urban design field but also introduces new topics and selections that address the myriad challenges facing designers today the six part structure of the second edition guides the reader through the history theory and practice of urban design the reader is initially introduced to those classic writings that provide the historical precedents for city making into the twentieth century part two introduces the voices and ideas that were instrumental in establishing the foundations of the urban design field from the late 1950s up to the mid 1990s these authors present a critical reading of the design professions and offer an alternative urban design agenda focused on vital and lively places the authors in part three provide a range of urban design

rationales and strategies for reinforcing local physical identity and the creation of memorable places these selections are largely describing the outcomes of mid century urban design and voicing concerns over the placeless quality of contemporary urbanism the fourth part of the reader explores key issues in urban design and development ideas about sprawl density community health public space and everyday life are the primary focus here several new selections in this part of the book also highlight important international development trends in the middle east and china part five presents environmental challenges faced by the built environment professions today including recent material on landscape urbanism sustainability and urban resiliency the final part examines professional practice and current debates in the field where urban designers work what they do their roles their fields of knowledge and their educational development the section concludes with several position pieces and debates on the future of urban design practice this book provides an essential resource for students and practitioners of urban design drawing together important but widely dispersed writings part and section introductions are provided to assist readers in understanding the context of the material summary messages impacts of the writing and how they fit into the larger picture of the urban design field

essential reading for students and practitioners of urban design this collection of essays introduces the 6 dimensions of urban design through a range of the most important classic and contemporary key texts urban design as a form of place making has become an increasingly significant area of academic endeavour of public policy and professional practice compiled by the authors of the best selling public places urban spaces this indispensable guide includes all the crucial definitions and various understandings of the subject as well as a practical look at how to implement urban design that readers will need to refer to time and time again uniquely the selections of essays that include the works of gehl jacobs

and cullen are presented substantially in their original form and the truly accessible dip in and out format will enable readers to form a deeper practical understanding of urban design

classic and cutting edge writings on games spanning nearly 50 years of game analysis and criticism by game designers game journalists game fans folklorists sociologists and media theorists the game design reader is a one of a kind collection on game design and criticism from classic scholarly essays to cutting edge case studies a companion work to katie salen and eric zimmerman s textbook rules of play game design fundamentals the game design reader is a classroom sourcebook a reference for working game developers and a great read for game fans and players thirty two essays by game designers game critics game fans philosophers anthropologists media theorists and others consider fundamental questions what are games and how are they designed how do games interact with culture at large what critical approaches can game designers take to create game stories game spaces game communities and new forms of play salen and zimmerman have collected seminal writings that span 50 years to offer a stunning array of perspectives game journalists express the rhythms of game play sociologists tackle topics such as role playing in vast virtual worlds players rant and rave and game designers describe the sweat and tears of bringing a game to market each text acts as a springboard for discussion a potential class assignment and a source of inspiration the book is organized around fourteen topics from the player experience to the game design process from games and narrative to cultural representation each topic introduced with a short essay by salen and zimmerman covers ideas and research fundamental to the study of games and points to relevant texts within the reader visual essays between book sections act as counterpoint to the writings like rules of play the game design reader is an intelligent and playful book an invaluable resource for professionals and a unique introduction for those new to the field the game design reader is essential

reading for anyone who takes games seriously

an essential resource for interior designers students and design teachers the interior design reader is an essential source for the interior designer or design student incorporating excerpts of key works on design theory from the ancient world to the twenty first century by documenting the ideas and philosophies that provided the foundations of design styles and movements through history this rich book deals with design theory in its application to interior design the compiled excerpts from writings about design range from classic to contemporary such luminaries include vitruvius palladio ruskin morris charles eastlake ellen key edith wharton elsie de wolfe walter gropius le corbusier dorothy draper billy baldwin william pahlmann angelo donghia mark hampton and many other prominent designers living and deceased the interior design reader is a guide into design education and will help students and practitioners alike form a deeper understanding of the connection between traditional theory and contemporary design practice allworth press an imprint of skyhorse publishing publishes a broad range of books on the visual and performing arts with emphasis on the business of art our titles cover subjects such as graphic design theater branding fine art photography interior design writing acting film how to start careers business and legal forms business practices and more while we don t aspire to publish a new york times bestseller or a national bestseller we are deeply committed to quality books that help creative professionals succeed and thrive we often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers

the graphic design reader brings together key readings in this ever changing field to provide an essential resource for students researchers and practitioners taking as its starting point an exploration of the way in

which theory and practice and canons and anti canons have operated within the discipline the reader brings together writings by important international design critics including wendy siuyi wong dick hebdige april greiman and victor margolin extracts are structured into clear thematic sections addressing history education and the profession type and typography critical writing and practice political and social change changing visual landscapes and graphic design futures each section has a contextual introduction by the editors outlining key ideas and debates as well as an annotated guide to further reading and a comprehensive bibliography the graphic design reader features original visual essays which provide a critical platform for understanding and interpreting graphic design practice as well as a wealth of illustrations accompanying key historical and contemporary texts from the 1920s to the present day

providing meaningful theoretical and practical substance to open up the importance of slow knowledge to the contemporary design discourse design as in thinking out new systems in diverse contexts and communities
