the author the grandson of mohandas gandhi describes the life of the indian leader as well as the history of india during gandhi s time

gandhi s thoughts on such topics as civil disobedience non violence liberty socialism and communism and how to enjoy jail

the material of this autobiography which mahatma gandhi has called the story of my experiments with truth was first dictated by him in his own mother tongue to one of his fellow political prisoners during long imprisonment in the years 1922 24 it was afterward continued in a serial form as a feature of his gujarati paper called navajivan and translated into english by his intimate friends mahadev desai and pyarelal nair receiving at the same time his own careful revision miss slade who is known in mr gandhi s asram as mirabehn also assisted in shaping its final english form the whole series of short chapters has now been published by the navajivan press at ahmedabad in two large volumes containing over twelve hundred octavo pages

another book of equal importance has been used wherein mahatma gandhi describes personally his own soul force in south africa and the translation has been made by valji govindji desai its indian publisher is mr s ganesan triplicane madras india when we turn to the three volumes and try to gain the clue to mahatma gandhi s estimate of human conduct it will be found to entre in three cardinal virtues current in all his writings these are truth loving kindness and inner purity since this book was compiled and edited the indian situation has become very grave indeed

a more heroic tale has yet to be told mohandas is meticulously researched written in felicitous prose and is a delight to read khushwant singh outlook a candid recreation of one of the most influential lives of recent times mohandas finally answers questions long asked about the timid youth from india s west coast who became a century s conscience and led his nation to liberty what was gandhi like in his daily life and in his closest relationships in his face offs with an empire with his own bitterly divided people with his adversaries his family and his greatest confrontation with himself answering these and other questions and releasing the true gandhi from his shroud of fame and myth mohandas authored by a practised biographer who is also gandhi s grandson does more than tell a story praise for the book rajmohan strikes a fine balance in this comprehensive work lacing the painstakingly detailed chronological account with just the right amount of interpretation his approach goes a long way in painting a portrait of gandhiji that is very human plausible and easy to identify with mukund padmanabhan the hindu an impeccable exercise in objectivity a remarkable performance this biography ought to be read over and over again the bareness of rajmohan s recital of moods and events heightens the poignancy mahatma gandhi was a votary of restraint this book exemplifies magnificently such restraint the grandfather would have approved of rajmohan s mohandas ashok mitra telegraph a story of epic proportions gandhi s luminous compassion courage and humanity shine through these pages and bring light into our lives sonia gandhi the only word to describe this work is fabulous literally scores of people have written on mahatma gandhi but mohandas will henceforth be remembered as the last word on the subject m v kamath organizer

mahatma gandhi through his indomitable will and selfless determination transformed himself into a model of courage and integrity for india s people to emulate in their non violent struggle for political power more than half a century after his death gandhi continues to inspire millions throughout the world yet modern india seems to have abandoned much of his non violent vision joining the nuclear arms race inspired by recent events in india stanley wolpert offers this subtle and profound biography of india s great soul wolpert compellingly chronicles the life of mahatma gandhi from his early days as a child of privilege to his humble rise to power and his assassination at the hands of a man of his own faith this trajectory like that of christ was the result of gandhi s passion his conscious courting of suffering as the means of reaching divine truth from his early campaigns to end discrimination in south africa to his leadership of a people s revolution to end the british imperial domination of india gandhi emerges as a man of inner conflicts conquered by his political genius and moral vision

early influenced by nonviolent teachings in hinduism christianity and buddhism he came to insist on the primacy of love for one's adversary in any conflict as the invincible power for change he fearlessly courted suffering and imprisonment in pursuit of his moral vision the sweet reasonableness of his great soul combined with the steel of his unyielding opposition to intolerance and oppression would inspire india like no leader since the buddha creating a legacy that would encourage martin luther king jr nelson mandela and other global leaders to demand a better world through peaceful civil disobedience gandhi's passion is a remarkable tribute by a historian at the height of his narrative and analytical powers wolpert boldly considers gandhi the man rather than the living god depicted by his disciples he thus provides an unprecedented representation of gandhi's passionate personality and the profound complexities that compelled his actions and brought freedom to india
