there are certain questions that lie at the heart of our existence who are we what is this life in which we find ourselves engaged is reality as intelligible as what is before our eyes or is there something more beyond philosophers have in response to these questions tended to favor one of two antithetical approaches an understanding of the material world through the lens of science or a model based on the existence of a spiritual realm a world beyond the senses although nicholson does not claim to disprove a materialist account of reality he argues that our allegiance to certain commonsense assumption about ourselves and the world that for example we are rational

and purposive creatures that some courses of action are truly better than others that human experience on the whole is basically trustworthy involves us implicitly in a worldview that is spiritual in its basis nonmaterialistic at the core nicholson s book is a philosophically astute exploration into the nature of human existence in presenting the topic he examines at length issues in ethics philosophy of the mind metaphysics and the philosophy of religion he introduces readers to such concepts as mind body dualism moral relativism logical positivism naturalism and reductionism as well as to the key thinkers in these debates from the ancient greek philosophers to hume ayer searle and swinburne
