i never thought about human s talent prior to having the opportunity to read about my granddaughters introduction to orthopedic surgery at washington university in st luis i knew i wanted to be a physician since fifth grade dr lily bogunovic rest is described in toto in my book word talent has been used in human s conversation for centuries without any deep meaning as humans talent deserve as a essential part of humans life as for every humans life direction and life purpose to be realized in period depending on the power of given talent as every electrical power that we are not able to see but only to observe it given fruits result what talent is no one can confirm with certainty because no one ever seen talent that is as i said like electrical power that we see not but what we see its light that is result of that invisible power there are many different believe about what talent is and is no argument on my side because i do respect everybody s opinion and believe with assumption that talent is everybody s personal property as i do call gift that is given free but not with free responsibilities that are much expensive talent is as i intended to present as a power of love that is in the heart that must be born mainly in loving and carrying family where mother has essential importance together with fathers support born in family and later dressed or better to say educated in education as a best way for the future of that given gift talent was dressed in education to be indoctrinated in society by providing adequate place for its activities we must accept that talent is like duracell batteries with limited lasting that must be utilize in given time i personally worked 50 years as medical doctor to finish in time when i felt that here is no more power in my battery my talent and that i am at present time alone in this world ready to retire my goal is to share my experience with my children that are born with different talent to become and to enter our society ready for their life duty according to given talents dpb
