money greases the wheels of american politics from the local level to the white house in the 2004 presidential campaign president george w

bush alone raised nearly 400 million in private and public funds nearly twenty times the combined total raised by john kennedy and richard nixon in 1960 to defeat challenger john f kerry further fueling anxiety over the power of money to dictate political results melvin urofsky one of our nation s most respected legal historians takes a fresh look at efforts to rein in campaign spending and counter efforts in the courts to preserve the status quo he offers a thoughtful and balanced overview of campaign finance reform and the legal responses to it from the progressive era through the supreme court s landmark ruling in mcconnell v fec 2003 and its impact on the 2004 election urofsky focuses especially on the 1971 federal election campaign act and 2002 mccain feingold or bipartisan campaign reform act bcra and on challenges to both in the supreme court in buckley v valeo 1976 the court upheld contribution limits but struck down expenditure caps on first amendment grounds in mcconnell it upheld the key provisions of mccain feingold in both cases however opponents argued that congressional control of campaign financing was an unconstitutional infringement of the free speech rights of campaign contributors urofsky deftly steers the reader through this contentious and complex history revealing how both congress and the courts have navigated uneasily between the scylla of potential corruption and the charybdis of suppressing political speech ironically despite the court s decision upholding mccain feingold the 2004 presidential election was the most expensive in history because as urofsky notes money is the mother s milk of politics and both candidates and donors will always find ways to keep it flowing his book provides an excellent and succinct guide to the controversies and historical debates emerging from that fact

when the big ball drops on new year s eve thousands are there to witness that great glittering sight while millions more watch on national television times square may be the cultural hub of america the crossroads of the world but its lights have not always shone as brightly as they do now once a glamorous theater district times square and 42nd street had degenerated into a neighborhood known for the winos and sex shops of midnight cowboy until new york s business and arts communities stepped in these advocates of urban revitalization exploited cultural and historic preservation arguments to transform a low income entertainment district into a disney fied tourist mecca where ratso rizzo once kicked cars and hookers plied their trade mickey mouse now greets visitors from atop a disney superstore surrounded by rising office towers theaters and theme restaurants all thanks to huge tax subsidies and government support alexander reichl tells the fascinating story of how cultural politics and economic greed transformed the city s physical and social environment with an ongoing multibillion dollar redevelopment program changing the district from a symbol of urban decline to one of urban renaissance he explains the political significance of the historic preservation and arts related approach to urban revitalization showing how it was used to appeal to the upscale values of middle class new yorkers often hostile to urban renewal he also examines the role of the walt disney company in the project and demonstrates its power to redefine a premier public space in telling the story of times square reichl reveals much about politics and power at the city level and their relationship to the development of urban space he frames his lively narrative with an illuminating account of how historic preservation initiatives at all government levels have displaced large scale federal urban renewal programs as the dominant approach to urban development and he shows the importance of political discourse and cultural politics in mobilizing public support for urban redevelopment now that it has been reconfigured for the 21st century times square provides a rich and multifaceted case for exploring the latest trends in urban renewal yet

reichl suggests much that has happened here is regrettable the ousting of low income citizens to serve commercial interests the loss of a culturally diverse entertainment district and the failure to address persistent class and race based segregation in a central urban area by getting to the heart of the great white way reconstructing times square provides an important look at urban renewal and politics in a changing america
