this collection explores the interpretation of historical fiction through fictional representations of the past in an asian context emphasising the significance of region and locality it explores local networks of political and cultural exchanges at the heart of an asian polity the book considers how imagined pasts converge and diverge in developed and developing nations and examines the limitations of representation at a time when theories of world literature are shaping the way we interpret global histories and cultures the collection calls attention to the importance of acknowledging local tensions both within the historical and cultural make up of a country and within the asian continent in the interpretation of historical fiction it emphasizes a broad spectrum view that privileges the shared historical experiences of a group of countries in close proximity and it also responds to the paradigm shift in asian studies discussing how local conditions shape and create expectations of how we read historical fiction and working with the theme of fictionality and locality the volume provides an alternative framework for the study of world literature

conventional implicature is itself a highly controversial term understood very differently by various brands of contemporary pragmatic theory this book sets out to advance a gricean theoretical framework of conventional implicature it also intends to

offer an analysis of pragmatic markers in chinese

the book of later han houhanshu by fan ye 398 445 is enormously important as china s most complete work on eastern han history in biographical form for the first time in any western language the author introduces fan ye s magnificent writings in lively translation with rich annotation and informative and insightful commentary this first volume covers its early military history and highlights the lives and achievements of the twenty eight generals who helped emperor guangwu unify china and establish the eastern han dynasty also included are images of these twenty eight founding fathers maps and information related to early eastern han systems

this version of the tao te ching presents the classic in a unique light through the eyes of a renowned master of the rinzai zen tradition takuan soho who lived from 1573 to 1645 was an acerbic witty free spirit who a painter poet author calligrapher gardener and a tea master he was also a confidante and teacher to shoguns and many other powerful and famous figures among them the the famed swordsman yagyu munenori and according to legend miyamoto musashi true to the teachings of the tao te ching itself as well as to the tradition of zen takuan draws from everyday experience and common sense to reveal the basic sanity of nature and the inherent wholeness of life takuan reveals how the tao te ching applies to a wide range of concerns including health personal relationships and individual lifestyle he interprets the text through a philosophical and psychological lens and also elucidates its radical social and political concepts

this publication is the long awaited complement to michael loewe s acclaimed biographical dictionary of the qin former han and xin periods 2000 with more than 8 000 entries based upon historical records and surviving inscriptions the comprehensive biographical dictionary of later han to the three kingdoms 23 220 ad now provides information on men and women of the chinese world who lived at the time of later or eastern han from liu xiu founding emperor guangwu reg 24 57 to the celebrated warlord cao cao 155 220 at the end of the dynasty the entries including surnames personal names styles and dates are accompanied by maps genealogical tables and indexes with lists of books and special accounts of women these features together with the convenient surveys of the history and the administrative structure of the dynasty will make rafe de crespigny s work an indispensable tool for any further serious study of a significant but comparatively neglected period of imperial china

in mathematical foundations of public key cryptography the authors integrate the results of more than 20 years of research and teaching experience to help students bridge the gap between math theory and crypto practice the book provides a theoretical structure of fundamental number theory and algebra knowledge supporting public key cryptography r

winner of the 2017 choice outstanding academic title award the later han dynasty also known as eastern han ruled china for the first two centuries of the christian era comparable in extent and power to the early roman empire it dominated east asia from present day vietnam to the mongolian steppe rafe de crespigny presents here the first full account of this period in chinese history to be found in a western language commencing with a detailed account of the imperial capital the history describes the nature of government the expansion of the chinese people to the south the conflicts of scholars and officials with eunuchs at court and the final collapse which followed the rebellion of the yellow turbans and the rise of regional warlords

this is the first study in a western language devoted to one of the most visually distinctive features of the landscape in china moya or moya shike texts carved into granite boulders and cliffs that are part of the natural terrain at thousands of sites of historic or scenic interest these inscriptions carved in large bold characters served as a vast repository of texts produced continuously for over two thousand years and constitute an important form of public art focusing on the period prior to the eighth century c e harriet demonstrates that the significance of the inscriptions depends on the interaction of words with topography so that the medium of the written work has transformed geological formations into landscapes of ideological and religious significance

in a land where freedom is a distant dream two unlikely heroes trung trac and trung nhi rise from the ashes of tragedy to challenge the mighty chinese empire join their unforgettable journey as they overcome their differences to unite against all odds witness the sisters flame of rebellion sweeping across ancient vietnam leaving an indelible mark on history that will inspire generations to come immerse yourself in an epic adventure where two sisters defy convention and spark a revolution ignite your own passion for freedom and self discovery discover the hidden dragon within with book illustrations maps historical notes and a glossary of vietnamese terms trigger warnings mild violence and animal deaths

this book offers an innovative take on the study of chinese academic history approaching the subject from the perspective of broader social and cultural developments one that is not only comprehensive and inclusive but also sheds new light on the subject the book investigates the main academic developments of the han dynasty such as the formation of new confucianism and the new daoism of han the establishment of history studies advances in astronomy and geography breakthroughs in agronomy and hydraulics and the achievements in traditional chinese medicine it also explores the cultural and political backgrounds the main influencing factors and the main features of academic developments especially academic carriers and chinese hermeneutics it provides a new paradigm for academic history studies and includes many new theories e.g. the reconstruction of the pre qin

academics by the han scholars this book offers a unique resource for all those who want to learn about and understand chinese history and culture especially the academic history of the han dynasty

the history of china is the longest continuous history of any nation in the world if you want to understand how historical china has become the china of today the answer is in plain sight except it spans 5000 years the history of china is also as enthralling as an adventure novel villains and heroes of legendary stature epic clashes of civilizations invasions rule of foreign dynasties massive rebellions and liberation wars and through all these twists and turns of its fate china kept its culture and national identity absorbed all foreign influences and even swallowed the ancestral lands of its invaders not only was china far ahead of europe with its many brilliant chinese inventions such as paper paper money firearms the printing press silk and porcelain but some social policies from deep in its history were also very modern for their time for instance during the ming dynasty 1368 1644 bookseller businesses were free of tax to promote literacy and education wealthy families paid for free medical care for the poor across china in families where parents were over 70 one of their sons was allowed to stop paying taxes so he had extra money to care for his elderly parents to people over 80 whose kids couldn't provide for them the government gave free meat and wine as with all the books in this series china for kids teaches history through stories these stories are reports of the actual historical events with zero fictionalization the only filtering i did was to select stories that are engaging or surprising and to choose events that deal with issues that modern kids and teens can relate to plus i filtered out any content that either portrays extreme cruelty or non family friendly phenomena in addition to its main narrative china for kids offers paragraph long explanations of concepts and terms such as feng shui chinese painting and calligraphy chinoiserie kowtowing sedan chairs dragon robes chinese mandarins mandarin squares imperial examinations the terracotta army the forbidden city and more as well as vignettes on the history of silk porcelain tea the silk road the great wall of china and others the historical figures whose stories are included in the book are lao tsu confucius sun tsu qin shi huang zhang qian wang mang emperor guangwu emperor taizong empress wu zetian kublai khan the hongwu emperor and empress ma tang yin lin zexu empress dowager cixi sun yat sen and the last emperor of china puyi plus there are vignette appearances of many other fascinating characters of chinese history

the eastern han dynasty a history of china part one takes you on an unforgettable journey through one of china's most dramatic and transformative periods the mighty han empire once fractured by war and rebellion finds a new leader in liu xiu but claiming the throne is just the beginning his true challenge is rebuilding an empire that has been torn apart at first liu xiu is just another noble caught in the chaos but when opportunity knocks he rises to the occasion through sheer intelligence military brilliance and strategic alliances he defeats his rivals one by one becoming emperor guangwu of han establishing his capital in luoyang he starts the long process of restoring order but new threats are never far behind the chimei army a powerful rebel force refuses to back down their submission marks a major victory but it's not the last challenge the emperor will face the three rebellions erupt across the land each threatening to undo everything he's built as liu xiu fights to secure his rule personal loyalties are tested wei xiao once a trusted officer struggles between staying loyal and seizing power for himself meanwhile the empire's expansion continues longyou is conquered and all eyes turn to shu a region rich in resources and political intrigue but war isn't just about swords and soldiers great leaders emerge like general ma yuan

whose military genius and legacy shape the future of china his battles and strategies become legendary but even the strongest warriors must eventually step aside with the foundation of the new han government laid the work of rebuilding begins the loyal ministers of han s revival play a crucial role in stabilizing the empire while internal conflicts force tough decisions one of them being the unexpected moment when the crown prince steps down the imperial family s influence grows stronger with the yin family becoming a powerful force behind the throne yet history doesn t stop with liu xiu as time passes a new emperor must prove himself emperor ming determined to secure his rule faces his own battles his reign brings new policies shifting alliances and challenges that threaten to shake the empire once more but han is no longer confined to its borders the legendary ban chao embarks on an ambitious journey to the western regions pushing the empire s influence further than ever before his efforts pave the way for the rise of another fearless figure the conqueror of the western regions whose campaigns extend han s power deep into lands unknown this is not just a book about history it s a gripping tale of ambition war loyalty and betrayal from epic battles to political mind games from military legends to the power struggles inside the imperial court this book brings the eastern han dynasty to life like never before if you love stories of strategy war and empire building this is a journey you won t want to miss step into the world of the eastern han and experience the rise of a dynasty that changed china forever

the official history of the later han dynasty ad 25 220 contains eight so called treatises traditionally regarded as accurate descriptions of the dynasty s institutions practically all literature dealing with the bureaucratic system the geography the religious beliefs or the calendar of the first two centuries ad is based on these treatises even though their value as source material has never been critically examined this study subjects each of the treatises in turn to a detailed scrutiny the sources used by the chinese historian and their adaption to suit his historiographical tastes the opinions of previous critics and the weight of the available evidence all pass review in order to arrive at a balanced view of the historiographical value of each individual treatise
