the lost generation of the first world war were boys who had barely left school before they found themselves living in trenches drowning in mud and living in constant fear of death this unique collection of letters from a group of schoolboys who attended bournemouth grammar pays tribute to these boys who barely had the chance to become men bournemouth s grammar school was founded in 1901 tragically all boys who were pupils there in its first decade grew up to be of fighting age in the bloodiest war in history ninety eight of them were killed averaging about one death every fortnight throughout that conflict however it was not all unrelieved blood and slaughter life was hard but often full of interest and surprise many of them wrote back to tig their much respected headmaster to tell him of their wartime adventures collectively these letters provide a wide spectrum of the great war we read of young men enjoying trying to catch rats in the trenches winning

bets on how long it would take to rescue a tank from no man's land playing footie amid the gunfire and singing ragtime in a rickety new fangled aeroplane while rocking the machine in time to it this is the voice of the lost generation

hartenian's history of george w bush propaganda for an invasion of iraq returns the administration's approach to its conceptual origins hartenian places evidence in the center of his analysis showing that rumsfeld's the absence of evidence is not evidence of absence meant that no evidence was necessary to justify an invasion the 9 11 attacks indeed changed everything for the bush administration and in its aftermath the time for regime change in iraq had simply come with no good evidence to support its fears the administration was certain of a post 9 11 conceived iraq al qaeda nexus just as with no evidence except the absence of evidence it was certain of iraqi mastery of denial and deception that hid saddam's evil activities resting on cheney's one percent doctrine administration certainty of the threat from iraq required a us invasion the policy offices of douglas feith at the pentagon with the help of george tenet at cia would generate a case of such fright and enormity the mushroom cloud that required administration action manipulating intelligence and ignoring the growing body of evidence undermining its case the bush administration invaded iraq to bring about regime change

the most comprehensive volume on one of the most controversial directors in american film history a companion to d w griffith offers an exhaustive look at the first acknowledged auteur of the cinema and provides an authoritative account of the director's life work and lasting filmic legacy the text explores how griffith's style and status advanced along with cinema's own development during the years when narrative became the dominant mode when the short gave way to the feature and when film became the pre eminent form of mass entertainment griffith was at the centre of each of these changes though a contested figure he remains vital to any understanding of how cinema moved from nickelodeon fixture to a national pastime playing a significant role in the cultural ethos of america with the renewed interest in griffith's contributions to the film industry a companion to d w griffith offers a scholarly look at a career that spanned more than 25 years the editor a leading scholar on d w griffith and the expert contributors collectively offer a unique account of one of the monumental figures in film studies presents the most authoritative complete account of the director's life work and lasting legacy builds on the recent resurgence in the director's scholarly and popular reputation edited by a leading authority on d w griffith who has published extensively on this controversial director offers the most up to date singularly comprehensive volume on one of the monumental figures in film studies

although early cinema has long been a key area of research in film studies the origin and development of the horror film has been a neglected subject for what is arguably one of the world's most popular film genres using thousands of primary sources and long unseen illustrations the birth of the american horror film examines a history that begins in colonial salem taking an interdisciplinary approach to explore the influence of horror themed literature theatre and visual culture in america and how that context established an amorphous structural foundation for films produced between 1895 and 1915 exhaustively researched bridging scholarship on horror studies and early cinema the birth of the american horror film is the first major study dedicated to this vital but often overlooked subject

discover the truth about the second amendment the nra and the united states centuries long fight over guns in this first of its kind book for middle grade readers a compelling clear analysis of one of our country s oldest dilemmas how to balance gun rights with public safety it tells the full and true story of the second amendment and points to a way to bring sanity to our gun laws a remarkable primer for all ages michael waldman author of the second amendment a biography for the majority of the united states history the right to own a gun belonged to a well regulated militia that changed in 2008 with the historic district of columbia v heller case which ruled that the second amendment protected an individual s right in the years since the debate over gun legislation has reached a crescendo and the issue grows ever relevant to children across america with an estimated three million exposed to shootings every year from metal detectors to see through backpacks to shooting drills kids face daily reminders of the threat of guns hana bajramovic s whose right is it the second amendment and the fight over guns reveals how a once obscure amendment became the focus of daily heated debate filled with historical photos and informative graphics the book will show young readers how gun legislation has always been a part of american history and how money power and systemic racism have long dictated our ability to own guns a junior library guild selection hana bajramovic provides readers with a compelling overview on the history of guns in the united states and the changing conflicting interpretations of the second amendment certain to stimulate conversation and thinking on the part of future generations award winning author doreen rappaport
