offers a brief history of the catholic church from its roots in the teachings of jesus christ to the present day

roman catholicism stands at a crossroads a classic best of times worst of times moment on the one hand the catholic church remains by far the largest branch of the worldwide christian family and is growing at a remarkable clip yet the church has also

been rocked by a series of scandals related to the sexual abuse of minors by clergy and even more devastating the cover up by the church hierarchy the decade long crisis has taken a massive financial toll but the blow to both the internal morale and the external moral standing of the church has been even steeper today the church has enormous residual strength and exciting future prospects but also faces steep internal and external challenges the question of whether catholicism is of vital public relevance for believers and non believers alike in the catholic church what everyone needs to know john l allen jr one of the world's leading authorities on the vatican offers an authoritative and accessible guide to the past present and future of the church what everyone needs to know is a registered trademark of oxford university press

the catechism of the catholic church is the sure norm for teaching the faith apostolic constitution fidei depositum still the language and wording of both the catechism and the second vatican council is one full of poetic beauty and soft diplomacy this style of poetry and diplomacy is not the most appropriate for clarity in many places the language results hard to understand and multiple contradictory interpretations are possible due precisely to the language full of charity but not of clarity the purpose of the compendium of the traditional catechism of the catholic church is to provide absolute clarity about the faith of all times and less room for open interpretations and ambiguity the world today in order to keep the faith of all times needs more than poetic words it needs clear teachings with full power strength and clarity above no room for misinterpretations no wiggle room for heretical interpretations at all that is the purpose of this work high clarity above all with total clarity several subjects are covered the definition of schismatic the limbo freemasons heretic the so called marriage among homosexuals the doctrine of the church regarding the liberal freemasonic democracy the responsibility that catholics must have when voting or taking action on the political field the so called new atheists movement the consecration of russia according to our lady of fatima the future of the world according to the city of god of st agustin etc all of these subjects of today and many others are addressed in this work with extreme and total clarity here there is no room for error and no room for misunderstanding this is the traditional catechism that is really needed in the year of the faith and in any year

this is a valuable introduction to the catechism by the general editor of the catechism schonborn and the head of the bishops commission for the implementation of the catechism ratzinger providing helpful insights on how to read and study the catechism this book includes a prehistory of the catechism an overview of its structure and contents the major themes and methods in it a special introduction to the four parts of the catechism and specific advice on how to use the catechism ratzinger and schonborn illuminate the catechism's teaching on faith morals prayer and sacraments and how a catholic lives those teachings in today's world learn more about pope benedict visit the

offers a wealth of information about Jesus and his message the Bible and the people and events in it the Mass and the sacraments and their rituals the Church and its beliefs its saints its prayers and its traditions

The new catechism of the Catholic Church the first since the Council of Trent four centuries ago will play a major part in shaping the consciousness of Roman Catholic Christians of the foreseeable future not only will it remain the foundational text for teaching Catholic doctrine for years to come but it successfully consolidates the achievements of the Second Vatican Council and presents the definitive modern synthesis of the Church's ever-living tradition Aidan Nichols's study introduces the reader to the doctrinal teaching of this massive text of almost three thousand clauses commenting on the vital first part of the catechism section by section he succeeds in highlighting its principal themes while drawing attention to the significance of the way they have been handled more sympathetic to the intentions of the catechism's authors than some other recent commentators Nichols is sensitive to the nuances of this magisterial text and its immense theological import

The Catholic faith is not a set of rules or a body of doctrines but is a way of life writes David Scott it's a lived faith that contains convincing intellectually coherent and spiritually fulfilling answers to the biggest questions who is God who is Jesus why are we here where are we going The Catholic Passion invites readers into a conversation about the things that matter most it is not an argument for the Catholic faith but a journey to the heart of it a richly rewarding reflection on prayer the Bible sacraments the Church and God made human in Jesus Christ Scott does not tell the story of the faith through Church documents or catechism quotations instead he looks at the faith experience of real Catholics people like the American writer Andre Dubus the French composer Olivier Messiaen the Chinese human rights activist Henry Wu the French martyr Charles de Foucauld and the American reformer Dorothy Day these and other Catholics embody a faith that warms the heart as it enlightens the mind one theme emerges from Scott's reflections on the lives of Catholics and the Scriptures God's passion of love for humankind burns on in the Catholic Church the Catholic Passion is the conviction that there is nothing God will not do to win our love the Catholic Passion is a monumental work David Scott weaves material from Scripture history the arts the liturgy theology spirituality and personal reflection showing us that nothing human is alien to Christ and nothing divine is withheld from God's people Scott Hahn author of The Lamb's Supper the Catholic Passion is a masterwork beautiful compelling and wonderfully readable an outstanding portrait of what Catholics believe and why I highly recommend it Charles J. Chaput OFM Cap Archbishop of Denver David Scott helps us see a vibrant Catholicism that offers brilliant meaning in a world darkened by materialism and violence he presents a vision that allows the treasures of the past to envision an orthodox Catholicism for the future Fr. Mitch Pacwa SJ ewtn

the catechism draws on the bible the mass the sacraments church tradition and teaching and the lives of the saints

catholic popes and vatican councils have pronounced many teachings which they say are necessary to believe such as it is necessary for salvation to submit to the roman pontiff christians must keep the law and do good works to be saved anyone who says they are certain they are saved and going to heaven is anathema cursed damned as a heretic mary was immaculately conceived remained a virgin her whole life never sinned was taken up body and soul into heaven and exalted as the queen of heaven only priests can forgive sins after one confesses to them christians must purge some of their sins in purgatory some people in non christian religions will be saved but are these and many other catholic dogmas biblical the truth about roman catholicism examines several key doctrines of the catholic church as stated in the official catechism of the catholic church in light of the bible the reader will be shown the difference between the gospel of christ and the gospel of rome and the crucial choice that must be made to obtain eternal life

this volume is intended to meet a widely felt need for an up to date and concise source book on the principal teachings of the catholic church since the close of the second vatican council there has been such an accumulation of ecclesiastical constitutions and decrees and so many changes they introduced in catholic practice that few people have been able to keep up with all that has happened a parallel purpose of this volume is to offer those who use it a handy guidebook of the catholic tradition whether formally documented in ecclesiastical sources or implicitly accepted by the faithful under the aegis of the church's hierarchical leaders the method followed in presenting the church's doctrine is a combination of history and logic doctrines are placed into a historical framework by tracing their origins to the old and new testaments and placing their development within the context of persons places and times the doctrine thus becomes more intelligible because it is viewed in the setting of its vital growth over the centuries the intended reading audience of this catholic catechism are all those priests religious and laity and above all parents and teachers who are looking for a concise statement of the faith they profess the conduct they practice and the worship they give to the lord from the catholic catechism by john a hardon s j
