symbolic interactionism has a long history in sociology social psychology and related social sciences in this volume the editors and

contributors explain its history major theoretical tenets and concepts methods of doing symbolic interactionist work and its uses and findings in a host of substantive research areas

this is a collection of articles dealing with the point of view of symbolic interactionism and with the topic of methodology in the discipline of sociology it is written by the leading figure in the school of symbolic interactionism and presents what might be regarded as the most authoritative statement of its point of view outlining its fundamental premises and sketching their implications for sociological study blumer states that symbolic interactionism rests on three premises that human beings act toward things on the basis of the meanings of things have for them that the meaning of such things derives from the social interaction one has with one's fellows and that these meanings are handled in and modified through an interpretive process

here is an introduction to the perspective of symbolic interactionism that clarifies its major concepts and their importance to the understanding of human interaction the book guides the reader through one concept at a time and relates it to the other concepts discussed as the author explains this book is an attempt to write a clear organized and interesting introduction to symbolic interactionism it is meant to integrate that perspective to be as accurate as possible and to help the reader apply the ideas to real life symbolic interactionism is clear and readable with many appropriate everyday examples the descriptions of the concepts show how they can increase one's understanding of self and society the material emphasizes the active nature of human behavior and presents these ideas with clarity and simplicity

an engaging text that enables readers to understand the world through symbolic interactionism this lively and accessible book offers an introduction to sociological social psychology through the lens of symbolic interactionism it provides students with an accessible understanding of this perspective to illuminate their worlds and deepen their knowledge of other people's lives as well as their own written by noted experts in the field the book explores the core concepts of social psychology and examines a collection of captivating empirical studies the book also highlights everyday life putting the focus on the issues and concerns that are most relevant to the readers social context the social self and everyday life bridges classical theories and contemporary ideas joins abstract concepts with concrete examples and integrates theory with empirical evidence it covers a range of topics including the body emotions health and illness the family technology and inequality best of all it gets students involved in applying concepts in

their daily lives demonstrates how to use students social worlds experiences and concerns to illustrate key interactionist concepts in a way that they can emulate develops key concepts such as meaning self and identity throughout the text to further students understanding and ability to use them introduces students to symbolic interactionism a major theoretical and research tradition within sociology helps to involve students in familiar experiences and issues and shows how a symbolic interactionist perspective illuminates them combines the best features of authoritative summaries clear definitions of key terms with enticing empirical excerpts and attention to popular ideas clear and inviting in its presentation the social self and everyday life understanding the world through symbolic interactionism is an excellent book for undergraduate students in sociology social psychology and social interaction

symbolic interactionsim is of major importance in contemporary sociology in this study three authorities in the field collaborate to define symbolic interactionism and to describe and present criticism of the interactionist perspective the contributions of g h mead j dewey c h cooley w i thomas and other theorists to the interactionist viewpoint on human behaviour and social life are examined there is a systematic discussion of the diverse schools of thought within the field including h g blumer s chicago school m h kuhn s iowa school e goffman s dramaturgical approach and h garfinkel s ethnomethodology criticisms of symbolic interactionism by both adherents and opponents to the perspective are selected and assessed throughout the book the authors survey the social and intellectual sources of significant ideas thereby incorporating a reflexive sociology of sociology orientation
