since its inception an introduction to business ethics by joseph desjardins has been a cutting edge resource for the business ethics course desjardin s unique approach encompasses all that an introductory business ethics course is from a multidisciplinary perspective it offers critical analysis and integrated perspective of philosophy with management law economics and public policy

hartman desjardins is designed to prepare the student to apply an ethical decision making model not only in this ethics course but throughout her or his business discipline this model teaches students ethical skills vocabulary and tools to apply in everyday business decisions and throughout their business courses the authors speak in a sophisticated yet accessible manner while teaching the fundamentals of business ethics hartman s professional background in law and her teaching experience in the business curriculum combined with desjardins background in philosophy results in a broad language ideal for this approach and market the authors goal is to engage the student by focusing on cases and business scenarios that students already find interesting students are then asked to look at the issues from an ethical perspective additionally its focus on aacsb requirements makes it a comprehensive business ethics text for business school courses the goal for the second edition remains the same as for the first to provide a comprehensive yet accessible introduction to the ethical issues arising in business hartman and desjardins have retained the focus on decision making as well as the emphasis on both personal and policy level perspectives on ethics this edition continues to provide pedagogical support throughout the text the most noticeable changes involve a thorough updating of distinct items such as reality checks decision points and readings to reflect new cases examples and data

since its inception an introduction to business ethics by joseph desjardins has been a cutting edge resource for the business ethics course desjardins multidisciplinary

approach offers critical analysis and integrates the perspective of philosophy with management law economics and public policy providing a clear concise yet reasonably comprehensive introductory survey of the ethical choices available to us in business instructors and students can now access their course content through the connect digital learning platform a subscription to connect includes smartbook an adaptive digital version of the course textbook that personalises your reading experience based on how well you are learning the content access to your instructor s homework assignments quizzes syllabus notes reminders and other important files for the course progress dashboards that quickly show how you are performing on your assignments and tips for improvement

since its inception an introduction to business ethics by joseph desjardins has been a cutting edge resource for the business ethics course desjardins unique multidisciplinary approach offers critical analysis and integrates the perspective of philosophy with management law economics and public policy providing a clear concise yet reasonably comprehensive introductory survey of the ethical choices available to us in business

the concept of sustainability and sustainable development has taken hold throughout the world as a new guiding principle of economic development this text brings the sustainability paradigm to the forefront of management and business ethics

in this original collection of essays a group of distinguished scholars critically examine the ethical dimensions of business using the kantian themed business ethics of norman e bowie as a jumping off point the authors engage bowie s influential body of scholarship as well as contemporary themes in business including topics such as the normative foundations of capitalism the applicability of kantian ethics virtue ethics and pragmatism in normative business ethics meaningful work managerial ethics the ethics of high leverage finance capitalism business ethics and corporate social responsibility and responsibility for the natural environment the contributors to this volume include both scholars sympathetic to bowie s kantian business ethics and scholars critical of that perspective as one of the foundational figures in the establishment and legitimization of the study of business ethics as a field of scholarship bowie casts a long shadow over the field over the last thirty years he has applied a distinctive kantian approach to the analysis of problems in business ethics and his work has had a substantial impact on a wide range of theory and scholarship in the field bowie argues in his work that economic value is not the only value that should inform managers executives and policy makers when making both business policy decisions and everyday management decisions he utilizes a kantian framework to support the position that additional values such as human dignity and rational consistency should inform business practice and influence managerial decision making he also shows that business practices that include these additional values are consistent with sound management theory and that such businesses can be financially successful this volume of scholarly essays will be of considerable interest to students and scholars working in business ethics corporate social responsibility and organization studies

this book equips readers with the knowledge insights and key capabilities to understand and practice business activities from ethical and sustainable vantage points in our interconnected global business environment the impacts of business activities are under increased ethical scrutiny from a wide range of stakeholders written from

an international perspective this book introduces the theory and practice of ethical and sustainable business focusing in particular on eco environmental sustainability intergenerational responsibilities current disruptive technologies and intercultural values of the business community and consumers written by an expert author who also brings to the fore non western concepts and themes this book features positive case studies as well as transferrable and applicable key insights from such cases highlights the importance of taking cultural differences into account takes a transdisciplinary approach which considers findings from research fields including conceptual and empirical business ethics behavioral economics ecological economics environmental ethics and the philosophy of culture weaves in pedagogical features throughout including up to date case studies study questions thought experiments links to popular movies and key takeaways written in an accessible and student friendly manner this book will be of great interest to students of business ethics environmental ethics applied ethics and sustainable development as well as business practitioners striving toward ethical sustainable and responsible business practice

this cutting edge text incorporates the latest issues and topics including extensive coverage of enron and arthur andersen with a straight forward and accurate survey of the multidisciplinary field of business ethics desjardins focuses on ethical reasoning and critical analysis throughout while integrating the perspective of philosophy with those of management law economics and public policy

this three volume anthology collects the most important of the classic articles in business ethics as well as the best of the contemporary work in business ethics it will serve as a sourcebook for academics and non academics doing research in business ethics

in a series of articles specifically commissioned for this volume some of today s most distinguished business ethicists survey the main areas of interest and concern in the field of business ethics sections of the book cover topics such as the often easy relation between business ethics and capitalism the link between business ethics and ethical theory how ethics applies to specific problems in the business world the connection between business ethics and related academic disciplines and the practice of business ethics in modern corporations includes extensive accessible discussion of all of the main areas of interest and debate in business ethics features all original contributions by distinguished authors in business ethics includes an annotated table of contents bibliographies of the relevant literature and a list of internet sources of material on business ethics perfect comprehensive book for use in business ethics courses

arguing against most scholars of business ethics who have articulated a set of moral principles and applied them to problems faced by business people richard lippke steers away from offering moral directives in radical business ethics he develops a more comprehensive perspective on business issues that is tied to larger questions of social justice analyzing a select group of timely issues such as advertising employee privacy and insider trading in the context of debates about the nature of the just society lippke argues that the most plausible theory of justice is one whose implications are highly critical of many features of advanced capitalist societies radical business ethics will be an eye opening book for students and scholars of ethics and anyone interested in the role business plays in a just society

since theodor geisel published his first children's book in 1937 under the pseudonym dr seuss children and adults alike have been captivated by the charming and laconic tales of whimsical characters and imaginative worlds but dr seuss stories are more than just catchy poems they often wrestle with serious philosophical and moral dilemmas whether it is horton discovering the very essence of life or the lorax teaching us about morality dr seuss and philosophy explores philosophical concepts such as the nature of the good life in oh the places you'll go the nature of knowledge in mcelligot's pool postmodernity in on beyond zebra business and the environment in the lorax and moral character in how the grinch stole christmas among many others anyone who loves dr seuss or is interested in philosophy will find this book to be intriguing and enlightening

business ethics corporate social responsibility corporate citizenship values driven management corporate governance and ethical leadership are necessary horizons for the legitimacy of corporations in the process of globalization based on hermeneutics and institutional analysis this book discusses the place of values in corporations and the role of ethics in management with the theories of business ethics as a starting point it is possible to propose a vision of the good citizen corporation the book presents theories concepts of responsibility for stakeholder justice and basic ethical principles of respect for autonomy dignity integrity and vulnerability this is the foundation for an analysis of the ethical relations to internal and external constituencies of the firm i e shareholders owners investors management employees consumers and local community the interaction with the environment is further analyzed with a focus on ethical principles as the basis for sustainability this investigation culminates with the conceptualization of the firm as a collective and institutional moral agent the content also includes analysis of concrete political developments in the us europe and the united nations finally the book provides a framework for a new corporate strategy based on global business ethics

can a corporation have a conscience what is wrong with reverse discrimination can ethical management and managed care coexist hoffman frederick and schwartz address these and many other current intriguing often complex issues in corporate morality this introductory business ethics text contains a thorough general introduction on ethical theory 54 readings and 25 cases divided into five parts each with an introduction that presents the major themes of its articles and cases the text contains an impartial point counterpoint presentation of different perspectives on the most important issues being debated in business ethics each chapter ends with questions that can be used for student discussion review tests quizzes or for student assignments the fourth edition has 27 new readings 15 new cases and 10 new mini cases
