Business Review Harvard Business Review Harvard Business Review Harvard Business Review Harvard Business Review Harvard Business Review Harvard Business Review

persuade others to do what you want for their own reasons if you need the best practices and ideas for making deals that work but don't have time to find them this book is for you here are 10 inspiring and useful perspectives all in one place this collection of hbr articles will help you seal or sweeten a bargain by uncovering the other side's motives conquer faulty assumptions to make the right deals forge deals only when they support your strategy set the stage for a healthy relationship long after the ink has dried make promises you can keep gain your adversaries trust in high stakes talks know when to walk away

the united states spends more than 17% of its gross domestic product (gdp) on health care while other developed countries throughout the world average 8.7% of gdp on healthcare expenditures by 2028 that percentage in the united states is projected to be 19.7% of gdp yet all this spending apparently doesn't equate to value quality or performance among 11 high income countries the u.s. healthcare industry ranked last during the past seven years in four key performance categories administrative efficiency access to care equity and healthcare outcomes this book centers on ways to bring down skyrocketing healthcare costs and improve comparatively low patient outcomes by focusing on the second highest cost after staffing in u.s. healthcare the supply chain the authors present strategies for aligning the healthcare supply chain leadership physicians and department budget owners to achieve evidence based value analysis (eva) and effective strategic sourcing the key to bringing alignment to where it needs to be is understanding the art and science of eva and strategic sourcing and reorienting the health systems toward productively and gainfully accomplishing them both within healthcare the biggest opportunities for a quantum leap in affordability and quality directly tie to improving the product and service selection process through eva and greatly advancing hospital and health system supply chain sourcing strategies the book outlines what the authors call the lacuna triangle three lacunas or gaps that occur in hospitals and health systems that prevent them from pursuing effective eva and strategic sourcing the authors explore the three effects of those gaps which keep the lacuna triangle walls tightly closed so that the oligopolies irrational markets and irrational pricing that those gaps create can continue to thrive and where many healthcare organizations remain trapped the goal with this book is to pluck the supply chain and health system executive and clinical leadership out of the chaos and irrationality they are caught in and give them tactics and strategies for reengineering the alignment of these processes to serve their enterprises needs the book does this by a deep exploration into strategic sourcing a way of doing business that has been embraced and employed effectively for decades in supply chain management in various industries and in healthcare supply chain in other countries

marketing is a way of doing business it is all pervasive a part of everyone's job description marketing is an expression of a company's character and is a

responsibility that necessarily belongs to the whole company and everyone in it
