mankind has many conflicting ideas about what god is really like god created the whole material universe by his word and then the word of god emptied himself to become a speck in a tiny part of it why to show people exactly what god would be like if he lived in a limited human body like our own this also allowed him to become a perfect example of how we should live on earth and to pay a just price for the sins of mankind his creation this little book provides a foundation for understanding the character and nature of god showing how god s provision in jesus is very different from what any religion provides this difference is vital for preparing us for all eternity god s way to save us through jesus helps us to grow in true love and cuts through a deadly self righteousness that if god allowed it would even lower the quality of heaven this book was first written for people in south sudan but can help people anywhere who want to find meaning and purpose for their lives on earth

jesus introduced the idea of servant leadership and showed us how to do it god requires leaders in his kingdom to lead in this way so that every one of his children can have his or her true needs met this is true on earth but a shortage of servant leadership works against the total fulfillment of his loving design for mankind this will be fulfilled far better in the great eternity that he provides his children he works to prepare his children now for our life in eternity by teaching our hearts to love lead and relate to each other like he does the bible shows god's calling for servant leadership in his church and in the family we can also see its application to local and national governments wherever the gospel has impacted these governments enough to change them from their natural way to do things this book shows how the bible clearly shows all of the above conclusions
