death of a rebel tells the story of charles andrews fenton 1919 1960 a charismatic teacher scholar and writer who took his own life by jumping from the top of the washington duke hotel in durham north carolina at the time he was apparently at the peak of his career he had written excellent books on hemingway and stephen vincent benlt had three other books in press and was working on a new version of his novel about world war ii a 1945 account won the doubleday twentieth century fox award he had earned guggenheim and acls grants students flocked to his courses he was widely regarded as the most popular professor at duke charlie fenton s story is a compelling one and takes on further meaning in the context of the times an individualist during the notoriously conformist 1950s he swam against the current defying authority and openly inviting controversy this jaunty refusal to accept received wisdom made him an appealing figure to many of his students and colleagues but it was a dangerous stance that did not sit well with his superiors and it cost him when his fortunes took a turn for the worse in the spring and summer of 1960 love and war had a lot to do with his suicide as well charlie fenton who had come down to duke from yale two years earlier with a promotion to full professor fell in love with one of his graduate students his wife outraged left and took their son andy with her the scandal left him alone and a social pariah around campus then he suffered one of his bouts of depression usually these periods were triggered by trauma most of it derived from his service as a tail gunner with the raf bomber command in the summer and fall of 1942 in the past he d always been able to shake free of his despondency this time he was overcome by psychological pain deriving from loss of wife and family of public admiration of companionship and worst of all of self regard the book recounts fenton s last days in vivid detail in writing it donaldson had the assistance of family members of his devoted students and even at a painful distance of the woman he fell in love with fifty years ago they all share an abiding sense of what might have been and a deep regret that he could not go on to inspire the uncounted students who would never get to know and admire and learn from him

in recent years global historians have painted an impressionistic picture of what they call the connected world of the seventeenth century inspired perhaps by the globalised world in which they write scholars have emphasised how the circulation of people objects and ideas linked the distant reaches of the early modern world yet for all the advocates of such a connected history we are only beginning to make sense of what global connectedness meant in practice in the lives of ordinary people to this end the whispers of cities explores interactions between early modern europe and the ottoman empire through the kaleidoscope of communication it does so by focusing on how information flows linked istanbul london and paris in the late seventeenth century because individuals were at the heart of communication the book offers a micro historical reading of the experiences of sir william trumbull english ambassador to istanbul from 1687 to 1692 it follows trumbull as he was transformed from a civil lawyer and state official in london to a european notable at the heart of ottoman social networks in istanbul in this way the whispers of cities reveals how information flows between istanbul london and paris were rooted in the personal encounters that took place between ottomans and europeans in everyday communication at the intersection of global history and the history of communication therefore the author argues that worlds of information tied europeans to their ottoman counterparts long before the age of modernisation as news stories and even fictions transcended linguistic and confessional boundaries and connected people across europe and the mediterranean world what emerges here is a picture of globalization that is as much about networks flows and circulation as it is about the imperfections asymmetries and unevenness of connectedness in the early modern world
