proceedings of the 15th international conference on human interaction emerging technologies ihiet 2025 august 25 27 2025 university of vienna austria

now a major film starring george clooney ewan mcgregor and jeff bridges this new york times bestseller is a disturbing and often hilarious look at the us military s long flirtation with the paranormal and the psy op soldiers that are still

fighting the battle bizarre military history in 1979 a crack commando unit was established by the most gifted minds within the us army defying all known laws of physics and accepted military practice they believed that a soldier could adopt the cloak of invisibility pass cleanly through walls and perhaps most chillingly kill goats just by staring at them they were the first earth battalion entrusted with defending america from all known adversaries and they really weren't joking what's more they're back and they're fighting the war on terror an uproarious exploration of american military paranoia with investigations ranging from the mysterious goat lab to uri geller's covert psychic work with the cia to the increasingly bizarre role played by a succession of us presidents this might just be the funniest most unsettling book you will ever read if only because it is all true and is still happening today

follow the journey of teen genius seamus robinson and his family as they survive the apocalypse and head out into the stars a family friendly quirky story of balancing major life decisions with your head and your heart you'll fall in love with the characters with every turn of the page in this series that you won't be able to put down books 1 3 of the seamus chronicles annihilation book 1 evacuation book 2 colonization book 3
