biografie van de Amerikaanse zangeres 1942

the 1970s has often been hailed as a great moment for american film as a generation of new hollywood directors like scorsese coppola and altman offered idiosyncratic visions of what movies could be yet the auteurist discourse hailing these directors as the sole authors of their films has obscured the important creative roles women played in the 1970s american film industry women and new hollywood revises our understanding of this important era in american film by examining the contributions that women made not only as directors but also as screenwriters editors actors producers and critics including essays on film history film texts and the decade s film theory and criticism this collection showcases the rich and varied cinematic products of women s creative labor as well as the considerable barriers they faced it considers both women working within and beyond the hollywood film industry reconceptualizing new hollywood by bringing it into dialogue with other american cinemas of the 1970s by valuing the many forms of creative labor involved in film production this collection offers exciting alternatives to the auteurist model and new ways of appreciating the themes and aesthetics of 1970s american film
