few cultural activities speak more powerfully to international histories of the modern world than football in the late nineteenth century this cheap and simple

sport emerged as a major legacy of Britain's formal and informal empires and spread quickly across Europe, South America and Africa more slowly and hesitantly. It made inroads into the sports cultures of North America and Australasia. Today football, known to many as soccer, is arguably the world's most popular pastime, an activity played and watched by millions of people around the globe. It has also become the focus of a rich and diverse body of scholarly research. Contested Fields introduces readers to key aspects of the global game, synthesizing research on football's transnational role in reflecting and shaping political, socio-economic and cultural developments over the past 150 years. Each chapter uses case studies and cutting-edge scholarship to analyze an important element of football's international story: migration, money, competition, gender, race, space, spectatorship and confrontation.

Taking place in 1982, a major event in both post-colonial history and the final phase of the Cold War, as well as a cultural touchstone for two different countries, the Falklands/Malvinas conflict is one of the most important events of the last two decades of the twentieth century. This volume builds upon the aims of the International Falklands/Malvinas Conflict's thirty-seventh anniversary conference held at the University of Manchester on 25th and 26th April 2019, examining both Argentine and British sides of the conflict, as well as joining together the voices of the Falklands/Malvinas veterans with those of Falklands/Malvinas commentators, teasing out the multifaceted nature of the conflict. This allows readers to connect first-hand veterans' accounts with academics and commentators' research, as well as providing a larger picture and broader scope of how the 1982 conflict played out and is remembered, not only in Argentina and Britain but also in the United States. Forty years after the conflict, including previously unheard first-hand accounts of the Falklands/Malvinas conflict from key Argentine and British participants and combatants such as Commodore Michael Clapp and Major General Julian Thompson, and key members of 2 Para, this volume offers a unique understanding of the conflict from a range of perspectives. Therefore, this volume is an invaluable resource for students and researchers interested in the Falklands/Malvinas conflict.
