unlike the earthquakes and hurricanes that have influenced caribbean history the region s fires have almost always been caused by humans geographer bonham c richardson explores the effects of fire in the social and ecological history of the british lesser antilles from the british virgin islands south to trinidad focusing on the late nineteenth century leading to the 1905 withdrawal of british military forces from the region richardson shows how fire lit social upheavals served as forerunners of political independence movements drawing on caribbean and london archives as well as years of fieldwork richardson examines how villagers used modified and contemplated fire in part to vent their frustrations with a savage economic depression and social and political inequities imposed from afar he examines fire in all its forms from protest torches to sugarcane fires that threatened the islands economic staple richardson illuminates a neglected period in caribbean history by showing how local uses of fire have been catalysts and even causes of important changes in the region

a quiet revolution is taking place in america s forests once seen primarily as stands of timber our woodlands are now prized as a rich source of a wide range of commodities from wild mushrooms and maple sugar to hundreds of medicinal plants whose uses have only begun to be fully realized now as timber harvesting becomes more mechanized and requires less labor the image of the lumberjack is being replaced by that of the forager this book provides the first comprehensive examination of nontimber forest products ntfps in the united states illustrating their diverse importance describing the people who harvest them and outlining the steps that are being taken to ensure access to them as the first extensive national overview of ntfp policy and management specific to the united states it brings together research from numerous disciplines and analytical perspectives such as economics mycology history ecology law entomology forestry geography and anthropology in order to provide a cohesive picture of the current and

potential role of ntfps the contributors review the state of scientific knowledge of ntfps by offering a survey of commercial and noncommercial products an overview of uses and users and discussions of sustainable management issues associated with ecology cultural traditions forest policy and commerce they examine some of the major social economic and biological benefits of ntfps while also addressing the potential negative consequences of ntfp harvesting on forest ecosystems and on ntfp species populations within this wealth of information are rich accounts of ntfp use drawn from all parts of the american landscape from the pacific northwest to the caribbean from honey production to a review of nontimber forest economies still active in the united states such as the ojibway harvest of plants recounted here the book takes in the whole breadth of recent ntfp issues including ecological concerns associated with the expansion of ntfp markets and ntfp tenure issues on federally managed lands no other volume offers such a comprehensive overview of ntfps in north america by examining all aspects of these products it contributes to the development of more sophisticated policy and management frameworks for not only ensuring their ongoing use but also protecting the future of our forests

colourful and various characterized by rich histories a treasure trove of fascinating places and most especially by an array of unique compelling personalities the caribbean islands are decidedly more than their beaches and resorts

gad heuman provides a comprehensive introduction the history of the caribbean from its earliest inhabitants to contemporary political and cultural developments topics covered include the amerindians sugary and slavery race racism and equality the aftermath of emancipation the revolutionary caribbean cultures of the caribbean this new edition is fully revised and updated with new material on the pre columbian era and the hispanic caribbean it takes account not only of the political and social struggles that have shaped the caribbean but also provides a sense of the development of the region s culture the caribbean a brief history is ideal for students and those seeking a clear and readable introduction to caribbean history

focusing on texts by jamaica kincaid maryse conde and paule marshall alexander english and humanities pratt institute brooklyn new york explores the trichotomous relationship between the biological or surrogate mother the motherlands of africa and the caribbean and the mother country represented by england france and north america annotation copyrighted by book news inc portland or

this book brings together a high calibre team of international researchers to provide an up to date assessment of the scope of tourism and the nature of tourism development in the caribbean past present and future

the major objective of this publication is to provide an account and interpretation of the historical development of the region from around 1930 to the end of the century within its compass are the turbulent thirties including the cuban revolution of 1933 and the labour protests in the british caribbean of 1934 the strategic position occupied by the region during the second world war the development of proletarian movements and trade unions and their links with political parties decolonization political evolution in the french and dutch caribbean and the turn to the left made in the 1970s by a number of anglophone caribbean countries notably grenada also examined are the castro revolution and its aftermath to the 1990s ethnicity and race consciousness and their effects in uniting or dividing communities and nations international relations and regional co operation changes in social and demographic structures including the role and status of women education migration and urbanization and the beliefs and cultural experiences which underpin caribbean identity the final chapter provides an overall survey of changes in the quality of life in the caribbean during the twentieth century

issues for include annual air transport progress issue

the caribbean has the fortune and the misfortune to be everyone s idea of a tropical paradise its sun sand and scenery attract millions of visitors each year and make it a profitable destination for the world s fastest growing industry tourism is increasingly touted as its only hope of creating jobs and wealth

literally the island s last resort last resorts examines the real impact of tourism on the people and landscape of the caribbean it explores the structure of ownership of the industry and shows that the benefits it brings to the region do not live up to its claims new developments in ecotourism sex tourism and the burgeoning cruise industry are not changing this pattern of short term exploitation of the region s resources the book shows how caribbean societies are corrupted by tourism and its culture turned into floorshow parody this new edition has been extensively revised and updated it gives voice to people inside the tourism industry its critics and tourists themselves and offers vital insights into a phenomenon that is central to the globalized world of today

geared for travelers seeking outdoor recreation in the caribbean this guide lists parks campsites and outdoor activities with information on hotels transportation festivals and historic sites

this book represents the product of a two year research project and a four year personal journey to explore the relationship between migration and economic development in the caribbean area does caribbean immigration to the united states assist or impede the economic development of the caribbean would the curtailment of immigration affect the stability of the caribbean can a certain mix of development strategies significantly reduce the pressures for migration what can the united states and the caribbean countries do separately and together to improve the prospects for economic development while permitting migration at manageable levels this book begins with these questions and ends with some answers
