genesis every god damned chapter because you know it s nonsense but were never sure why

facts truth logic science these are the basics of the world in which we live day to day in society government medicine agriculture and manufacturing but while we have a 21st century technology we also have 1st century superstitions basically those superstitions found in religion with a particular focus on christianity and its predecessor judaism  
pfeiffer reflects on the facts of the bible and christian religions and his own thinking over a lifetime from a baptist upbringing through reading on both sides of the fence to debating and discussing religious subjects with ministers priests rabbis and others of all religious persuasions reviewing various aspects of prayer faith miracles morality heaven and hell he pokes fun at the contradictions

and contrivances found in the book and the rituals solemnly repeated long after they've lost any meaning biblical immoralities prophecy and blind faith come in for a sharp skewering as he roasts them in the hot gaze of reality from baptist to the black list author boyd pfeiffer risks being given the evil eye for casting doubt on some cherished beliefs in this book he tackles the subject of religion from the standpoint of common sense and logic including various interpretations of biblical and religious meanings and content unfortunately seen from this perspective religion is as brilliant as a burnt out bulb after a decades long search for a credible reason to believe the teachings of christianity he turns over to the public the results of his research the precepts taught in the bible simply do not square with the exemplary stories the bible itself presents and the teachings and the stories don't even match up from one telling to another

in 1989 steven moore published the first scholarly study of all three of william gaddis's novels and since then it has been generally regarded as the best book on this difficult but major writer's work this revised and expanded edition includes new chapters on the novels gaddis published after 1989 the national book award winning a frolic of his own and the posthumous novella agape agape along with updated introductory and concluding chapters this introduction offers a clear discussion of all five of gaddis's novels providing essential biographical information two chapters each on his most significant novels the recognitions and j r and a chapter each devoted to his later three novels a concluding chapter locates his place in american literature and notes his influence on younger writers each chapter focuses on the main themes of each novel and discusses the literary techniques gaddis deployed to dramatize those themes since gaddis is an erudite allusive novelist moore clarifies his references and explains how they enhance his themes

this book is part of a nuanced two volume examination of the ways in which violence in comics is presented in different texts genres cultures and contexts representing acts of violence in comics raises questions about depiction and the act of showing violence and discusses the ways in which individual moments of violence develop and are both represented and embodied in comics and graphic novels contributors consider the impact of gendered and sexual violence and examine the ways in which violent acts can be rendered palatable for example through humour but also how comics can represent trauma and long lasting repercussions for both perpetrators and victims this will be a key text and essential reference for scholars and students at all levels in comics studies and cultural and media studies more generally
