into the wild meets walden a lyrical memoir for nature lovers and for anyone who has wondered what it would be like to disconnect from our hyper connected culture and seek more meaningful connections after losing vision in one eye and becoming estranged from his family and friends a young man spent two years searching for identity in self imposed solitude in the backwoods of northern vermont where he embarked on a project of stripping away facades and all social ties and learned to face himself on a clear may afternoon at the end of his junior year at harvard howard axelrod played a pick up game of basketball in a skirmish for a loose ball a boy's finger hooked behind axelrod's eyeball and left him permanently blinded in his right eye a week later he returned to the same dorm room but to a different world a world where nothing looked solid where the distance between how people saw him and how he saw had widened into a gulf desperate for a sense of orientation he could trust he retreated to a jerry rigged house in the vermont woods where he lived without a computer or television and largely without human contact for two years he needed to find a more lasting sense of meaning away from society's pressures and rush named one of the best books of the year by slate chicago tribune entropy magazine and named one of the top 10 memoirs by library journal

vincent van gogh s short passionate life was driven by an almost unimaginable creative energy that eventually overwhelmed him the outlines of his story the early strivings in holland and paris the revelatory impact of the move to provence the attacks of madness that led ineluctably to his suicide are almost as familiar as the paintings yet it is more than possible that neither the paintings nor van gogh s story would have survived at all if it had not been for his remarkable sister in law jo van gogh bonger after vincent s death and that of her husband his brother theo jo devoted her life to preserving and exhibiting the paintings and editing the letters it is in her short and unaccountably neglected biography that we can come closest to vincent the man
