nano science and nano technology are research on material and device fabrication at nanometer scale that is one in a billionth meter in length nano technology is expected to have wide and extensive usage pharmaceutical information and communication technology and electronic and agriculture are some of the industries that will directly benefit from nanotechnology demand for technology is at an all time high challenging and complicated due to this scientists and technologists are working hard to produce alternative technology nano science and nano technology

covers australia bangladesh china hong kong india indonesia japan malaysian nepal new zealand pakistan philippines singapore south korea sri lanka taiwan thailand

the essays in the present volume are an effort to explore how much the growth of civilizations in india and iran owes to what each of these countries has received from the other and to bring out how much of their history we will miss if we overlook the heritage they share

medicines are considered essential public health commodities perhaps the reason to control medicine prices in majority of the countries however malaysian chooses not to do so and for years malaysian health authorities and pharmaceutical companies have argued that the medicine prices are reasonable in the country and in many cases the lowest in the region nevertheless for decades no empirical evidence was available to support these claims the present book fills this gap and offers an interesting and powerful analysis of the tale of tantalizingly high medicine prices players in the

pharmaceutical market profit margins of pharmaceutical companies as well as the mark ups of pharmacists and doctors the book narrates the result of malaysias free market policies on medicines all faces are exposed and all tactics are uncovered

provides over 26 000 academic institutions 150 000 staff and officials extensive coverage of universities colleges and other centres of learning and detailed information on over 400 international cultural scientific and educational organizations
