in the second edition of his essential book which incorporates vital new information and new material on immigration race gender and the social crisis following 2008 michael zweig warns that by allowing the working class to disappear into categories of middle class or consumers we also allow those with the dominant power capitalists to vanish among the rich economic relations then appear as comparisons of income or lifestyle rather than as what they truly are contests of power at work and in the larger society

in 2011 protesters around the world including canada called for changes to the societies in which they live many

observers were asking what do they want some answers to this question can be found in how societies work a unique and accessible introductory sociology textbook that introduces students to the structure of contemporary societies and the power relationships within them in contrast to most introductory textbooks how societies work explores a broad range of sociological concepts and theories while simultaneously creating a coherent picture of modern societies drawing on fields as diverse as anthropology genetics economics social psychology history and politics this innovative and popular text looks at both the roots of modern societies and the current structures within them this approach helps undergraduate students make sense of our complex social world and encourages them to connect the social world to their own lived experiences this extensively revised and updated fifth edition includes discussions of the roots of the recent global economic crisis and worldwide responses to it growing social inequality broader global struggles for change the growth of the security state in canada and the sudden resurgence of political protest in north america the final chapter looks to the future examining such issues as the possible consequences of climate change increased forced migration of peoples and the changing dynamic of global power more boxes quotes and think about it elements have been added to the fifth edition while the language clarity of presentation and many examples make it even more accessible to readers it is an introductory textbook that truly engages students in the sociological imagination this fifth edition is presented in a large format making it easier to read and even more student friendly a testbank and power point presentation are available for instructors upon request

state responsiveness and state activism 1989 provides a unique comparative account of some of the most fundamental social changes that have taken place in the western world and the role played in these changes by the state it evaluates which models economic modernization political mobilization class conflict best predict the growth in social welfare and in educational expenditures determines how much the political and administrative centralization of the state centralization of the administration of social welfare and of education and institutional autonomy affect state responsiveness to various models and studies how much state activism in the creation of social welfare and in its centralization affects the political process and especially the role of class conflict in determining public expenditures

state building is an ongoing process that first defines legitimate citizenship and then generates citizens political analysts and social scientists now use the concept of citizenship as a lens for considering both the evolution of states and the development of their societies in citizenship as a regime leading political scientists from canada

Europe and Latin America use insights from comparative politics institutionalism and political economy to understand and analyze the dynamics of contemporary policies and politics this book celebrates Jane Jenson's work and many of her contributions to political science and the study of Canadian politics featuring Jenson's concept of citizenship regime the collected chapters consider its theoretical and methodological underpinning and presents new applications to various empirical contexts contributors present original research critically assess the idea of a citizenship regime and suggest ways to further develop Jane Jenson's notion of a citizenship regime as an analytical tool research essays in this volume consider various social forces and dynamics such as neoliberalism inequality LGBTQ movements the rise of populism amid nationalist movements in multinational societies including indigenous self-determination claims and how they transform the politics of citizenship these collected contributions by former students collaborators and colleagues of Jenson highlight her lasting influence on the contemporary study of citizenship in Canada and elsewhere contributors include Marcos Ancelovici UQÀM James Bickerton St Francis Xavier University Maxime Boucher Université de Montréal Neil Bradford Huron University College Alexandra Dobrowolsky Saint Mary's University Pascale Dufour Université de Montréal Jane Jenson Université de Montréal Rachel Laforest Queen's University Rianne Mahon Wilfrid Laurier University Bérengère Marques Pereira Université libre de Bruxelles Martin Papillon Université de Montréal Denis Saint Martin Université de Montréal and Miriam Smith York University

The study of African history as an academic discipline is a rather new field and one that still has its detractors both within and outside academics this collection of articles highlights for students and scholars the modern era in African history it brings together published research on the colonial era in Africa an era relatively brief but one that saw dramatic change in African societies

This reissue of the now classic sociological worlds originally published in 1995 attempts to present a comprehensive picture of human social life from the perspective of the comparative historical revolution in sociology and presents some of the best theoretical and empirical work that is now being done by comparative historical sociologists as well as work by their close cousins socio-cultural anthropologists from this perspective readers gain a picture of the major ways in which human societies differ for this new library edition Professor Sanderson has provided both a new preface and three contributions that did not appear in the original edition
