until the catastrophic economic crisis of the late 1990s east asia was perceived as a monolithic success story but heady economic growth rates masked the most divided continent in the world one half the most extraordinary developmental success story ever seen the other half a paper tiger joe studwell explores how policies ridiculed by economists created titans in japan korea and taiwan and are now behind the rise of china while the best advice the west could offer sold its allies in south east asia down the economic river the first book to offer an asia wide deconstruction of success and failure in economic development studwell s latest work is provocative and iconoclastic and sobering reading for most of the world s developing countries how asia works is a must read book that packs powerful insights about the world s most misunderstood continent

please note this is a companion version not the original book sample book insights 1 in a country in the early stages of development typically 75 percent of the population is employed in agriculture the problem with agriculture in pre industrial states with rising populations is that when market forces are left to themselves agricultural yields tend to stagnate or even fall 2 the question of efficiency depends on what outcome you are looking for big capitalist farms may produce the highest return on cash invested but that is not the agricultural efficiency that is appropriate to a developing state 3 the world of the home fruit and vegetable gardener is very familiar to the post war east asian peasant family with its mini farm the labor intensive gardening approach to cultivation gets more out of a given plot of land than anything else 4 the problem is that the gardening level of output needs so much labor if mr doiron gardened full time he might be able to maintain his yields for 1 000 square meters of land but that would still require ten mr doirons to earn 135 000 across one hectare before costs

the author of how asia works follows the money alarming enlightening joe studwell should be named chief myth buster for asian business financial times hong kong and southeast asia are home to five hundred million people yet their economies are dominated by only fifty families whose interests range from banking to real estate shipping to sugar gambling to lumber at their peak eight of the world s two dozen richest men were southeast asian but their names would not be familiar to most regular readers of the wall street journal a complex mythology surrounds these billionaires but in asian godfathers joe studwell finds that the facts are even more remarkable than the myths studwell has spent fifteen years as a reporter in the region and he marshals his unprecedented

sources to paint intimate and revealing portraits of the men who control southeast asia studwell also provides us with a rich and deep understanding of the broader historic economic and political influences that have shaped southeast asia over the past 150 years asian godfathers is a riveting and illuminating book that lifts the curtain on a world of staggering secrecy and hypocrisy and reveals for the first time who the leaders of one of the planet s most important and tumultuous markets really are why they got to the top and how they keep themselves there the romp around the region s pleasure domes is a blast the wall street journal asia

this collection of essays examines the worldwide dispersal of asian populations and links these seemingly disparate movements through the category of asian diasporas

this first survey of asian american modernists active during the era of abstract expressionism reevaluates an entire generation of neglected but important artists the works of 58 artists including isamu noguchi and kenzo okada reveal the strong tradition in asian art of abstract techniques and show how east asian art prefigured or paralleled modern stylistic developments in the west 194 illustrations 84 in color
