most people dream of building their own custom home customized to fit their lifestyle perfectly

but for ryan haag life as a u s navy officer makes building a custom home impossible there is little point in investing in an expensive customized home when the navy sends you to a completely new location every 3 years but a change in life circumstances suddenly gives ryan the chance to build the home of his dreams having prepared for years for this very moment ryan is suddenly awash in loan documents and building contracts and its not long before he s deep into the murky world of home builders soon it becomes obvious that this process won t be easy challenges abound from shifty city bureaucrats that throw up roadblocks when least expected to a mortgage company and builder fighting with each other all of ryan s preparation is put to the test as he navigates the complicated process of building a custom home from scratch on a virgin piece of land and with a limited budget to build a house explores the glossed over details of home building this isn t a fancy home building novel with an unlimited budget and expert building crews this book shows what happens when it all goes wrong nothing comes easy in this home building process it s hard exhausting work managing a project that will be your forever home but nothing in life worth doing comes easy and this book celebrates the success at the end of a hard fought victory if you want a real story of a real person with real constraints navigating the process to build a home while balancing work family and just general life challenges this book won t disappoint

this book is a practical guide to building a home with a focus on safety health comfort durability and economy it covers all aspects of home construction from design and planning to materials and construction techniques the book is aimed at homeowners builders and architects and includes detailed illustrations diagrams and photographs it is an essential resource for anyone interested in building or renovating a home this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may
