this title is intended as an expansion in scope of blueprint for an escort service and it is not repetitious it should accompany the original blueprint the book expounds on many of the chapters in the original book the idea is to send out sexy escorts or dancers by the hour and not for sex if opening an escort business or an entertainment company is your plan this book will save you unimaginable trouble and avert potential disasters at every corner a central theme in this title is working with a limited budget as i noted that several readers questioned as to specific start up costs this book instructs in a step by step format on how to get started with your own escort service on a budget of 500 to 1000 the one thing that i am positive of is that in this economy there are plenty of people that feel the need to resort to unconventional income and ventures that would otherwise be discarded i have never discontinued my research and one fact that you can take to the bank is that there is still money in operating an escort business all research is current and i am in touch with the realities and trends of the business the entire point of the book is to make opening and operating an escort or entertainment business anywhere a simple project this book is short because i do not intend to reinvent the wheel or pad it with immaterial information the word count total is 21 000
